WINTER, the time of year when the most insurance claims are filed for traffic accidents. What does this mean to you? Well it means that it's up to YOU to be sure your car is in top operating condition. You must winterize your car, winterize your driving techniques and winterize your determination to avoid accidents.

Some good safe driving rules are to: **HAVE GOOD TIRES**, whether you use regular or snow tires, make certain that the tread has not been worn smooth.

KEEP WINDSHIELD & WINDOWS CLEAR, be sure that your wiper blades, heater and defroster are operating properly.

GET THE FEEL OF THE ROAD. Try your brakes occasionally while driving slowly and away from traffic to find out if road is slippery, then you can adjust speed to road and weather conditions.

FOLLOW AT A SAFE DISTANCE, keep well back of the vehicle ahead so that you will have plenty of room to stop.

Parents depend on your safe driving practices to protect their children.

- would like to rent several sets of bagpipes for their Concert on Friday, December 6th. It seems that the tenor section have to make like the bagpipes, when they are singing "My Bonnie Lassie" and they figure to use the regular ones in case their own pipes break down.

There is also a rumor that the base section want tenders for an excavation under the Auditorium, so that they can get down low enough in some of the numbers.

The Second Tenor and Baritone sections are quite proud of themselves, they believe that they are the reason the accompanist finally took her ear plugs out. (That happens when all of the sections sing in the same key).

Incidentally, the Boys all claim that it's much easier to sing to a full house, SO-O-O-O.
