Re: CONTROL AND MANAGEMENT OF TEAMS - NSHL

Gentlemen:

At a meeting of the Board of Governors, held at Marathon, on Sunday, the 5th of January, 1958, the subject of rough hockey in the North Shore Hockey League was discussed. It was felt by those present that a letter should be forwarded to all concerned covering this subject. I therefore, am using the medium of a circular memorandum to make a very special request of team managers, coaches and players.

We would ask that managers and coaches have full control of their players during a hockey game. There has been far too much rough play lately. It is felt that managers and coaches should instruct their players to curtail rough play and respect referees.

It has been found that most fans would rather watch a player play the "Old Smoothie" type of hockey than the "Bang Them, Shove Them, Hit Them" type. While it is true that players in this league are not being paid and play strictly for the sport of the game, I feel they should abide strictly to the rules of the game and show respect to all officials. Fans must be taken into consideration. They come out on cold nights to both support their team financially and cheer them on to win. Without this support we would not be able to carry on. We hope all managers coaches and players will make every effort in future to clean up the game and thus have good clean hockey. I have yet to see violence ever win, but it can cause injuries and remorse.

There are two teams in this league who have systems whereby they lay down their own rules for various offences. For example, one club sits a player out for another ten minutes when that player receives a misconduct penalty. This type of control goes a long way to help keep tempers down, and penalty boxes empty.

Gentlemen, this League is very well respected by the T.B.A.H.A., and by teams under its control. All I ask is that every effort be made to maintain our prestige, and defeat all comers, with good clean hockey; and this year bring the Thunder Bay Championship to the North Shore. Good luck to you all.

Sincerely,

President,
NORTH SHORE HOCKEY LEAGUE.
