WOMEN OF THE MOOSE, TERRACE BAY CHAPTER 1426

Sixteen officers and co-workers of the Women of the Moose met at the Recreation Centre club rooms for the Chapter Night meeting. Following the Chapter's procedure of meeting ceremony under the guidance of Senior Regent N. Coates, several items on a lengthy agenda were discussed by the members.

It was decided by the members to hold only one meeting in April owing to Holy Week and Easter Holidays. The April meeting will be on Wednesday April 16th. Initiation of new candidates will take place at this meeting. Each members is to answer roll call by a donation of two dance records for the Hi-Fi player.

Arrangements were made for the disposal of a boudoir doll draw.

The ladies planned on serving dinner to the men on the work committee at the Moose Hall on Saturday.

A gratifying report was made by Ritual Committee Chairman on the recent Home Bingo held and announced that another bingo was planned to start on the 20th of March. The programme and refreshments for the April meeting will be under Chairman Bernice Williams and her Homemaking Committee.

Following adjournment Co-worker Ann Stachiw and her committee treated the ladies to apple pie with cheese and coffee from a table attractive in white linen, silver and bone china teacups.

GROUP LIFE INSURANCE

94% of Kimberly-Clarkers at Terrace Bay are enrolled in Group Insurance Plan!!

The above information was recently received from Kimberly-Clark's Insurance and Pension Administrator.

This 94% figure refers to the Group Plan 2311, which plan is available to employees after six months service. The total amount of insurance in force at the Terrace Bay mill as of February 20, 1958 was \$5,575,000.

The high percentage of employees who have taken advantage of this insurance would seem to substantiate the fact that the group insurance program is still one of the most widely accepted benefit programs Kimberly-Clarkers enjoy.

Not all of the employees have the full amount of group insurance that they are entitled to have. This notice may serve to remind them, or those employees who have not taken advantage of the protection of group insurance, that they can enrol at any time provided they have a medical examination, at no cost to the employee.

In any event it is suggested that every one check their group insurance policies to make sure they are up to date with regard to the amount of insurance and particularly the beneficiary provision.

The Personnel Department staff are available to answer any questions in regard to the Group Insurance Plan.
