

W. J. FARRELL JOINS TERRACE BAY
ENGINEERING STAFF

On April 1st Bill Farrell and his family arrived in Terrace Bay from Kapuskasing, Ontario. Bill is a graduate Mechanical Engineer and will work as such in the Engineering Department.

Bill hails originally from Kirkland Lake, Ontario. He attended Queens University in Kingston, Ontario, graduating in the Spring of 1953 with a Bachelor of Science degree in Mechanical Engineering. During his third year Engineering he won the George Barber Scholarship and through this Scholarship the Spruce Falls Paper & Paper Company, and Bill, were introduced to each other. Consequently he joined the Spruce Falls Engineering Department in May 1953 where he has been working prior to his transfer here to Terrace Bay.

Prior to joining "Spruce Falls", Bill's experience in the Pulp & Paper Industry was received during a summer's employment with the Canadian International Paper Company at Three Rivers, Quebec.

Included in his hobbies are fishing and hunting. Bill is looking forward to many fine catches of fish in this part of the country. We assured him the rivers and lakes in this area abound with fish. We then challenged him to catch some of them.

Although he hasn't played musical instruments for a couple of years we understand he is quite adept with the clarinet and sax. In fact during his college days in Kingston playing in local orchestras became quite helpful in paying some of the college expenses.

Bill, his wife Helen, and one-and-a-half year old son, John will reside at 82 Hudson Drive.

A warm welcome is extended to the Farrell family.

WOLF CUB NEWS

Cub Camp Dates - The Terrace Bay Boy Scout Group Committee announces the following dates for Cub Camp this year.

Akela Pack - June 27 to July 1.

Mowglie Pack - July 6 to July 10.

Scout Camp dates are not set as yet but are expected to be sometime early in August. Exact dates will be announced as soon as possible.

(cont'd next col.)

Wolf Cub News (cont'd)

Both Wolf Cub packs are closed for new membership until September 1958. Boys who become 8 years old between now and September should contact either Roland Wills or Jack Wade for application forms.

TEENAGERS GO TO YOUTH RALLY

On April 10th, 20 local teenagers will journey by bus to Dryden for this year's 3-day Northwestern Zone Youth Rally.

Purpose of the Rally is to allow young people from the area to meet and discuss common problems. Experts from various parts of Ontario are brought in to act as resource people for the discussions, but mainly, the planning and handling of the Rally is done by the Teenagers with supervision from the Recreation Directors of the Northwestern Zone.

Some of the topics for discussion this year are -

The Teenager and the Parent,
The Teenager and Law
The Teenager and the Church
Boy-Girl Relations

In addition to these serious subjects, which will take up the largest part of the rally, there will be a Beauty Contest to choose "Miss Teentown of Northwestern Ontario", a beard contest, a Rock'N Roll Contest and a Variety Show, in which each Teen Town supplies some form of entertainment.

Right now our local youngsters are sponsoring several fund-raising efforts to earn the \$190.00 bus fare to Dryden. Tickets on pools for the N.H.L. Playoffs are available from the boys, and the girls will hold a Bake Sale in the old Drug Store this Saturday. Later on there will be other fund-raising projects.

Any support you may desire to give will be for a worthy cause. We all have a stake in the Youth of Terrace Bay.
