TICKETS AVAILABLE FOR RUBINOFF

When Rubinoff appears in Terrace Bay in a program of popular concert music, he will play on one of the most precious instruments in the world, the famed Romanoff-Stradivarius violin insured for \$100,000.

The violin is famous for its silken, lustrous tone, its full range and almost unbelievable depth. Made in 1731 by the master of all violin makers, this particular 'Strad' eventually found its way into the hands of the Romanoffs, one time rulers of Russia, and still bears the bejeweled crest of that family. During the revolution it was smuggled out of Russia and eventually was purchased by Mr. Rubinoff.

Sensitive to heat, humidity, altitude and the risks that beset any treasure of such vast value, the Stradivarius is guarded and handled with deference and extreme care at all times. The ancient instrument still retains the original varnish and is the acme of perfection in musical instruments.

An interesting fact is that during certain passages of "Warsaw Concerto" Rubinoff exerts as much as 60 pounds of pressure on the violin. It takes tremendous strength of highly developed muscular action to draw certain tones from one of the world's most delicate instruments.

Rubinoff will appear at the High School Auditorium, Friday, May 23.

Tickets are available from any Kiwanis member.

FIRST AID TRAINING "PAYS OFF"

On a recent trip to the Lakehead Willard Vezina arrived at the scene of an accident which occurred on the Trans-Canada highway west of Nipigon, in which one person was killed and two seriously injured.

Upon arrival at the scene several people were standing around viewing the accident, and realizing that no one was administering first aid, Willard immediately took control of the situation and rendered first aid to the injured.

The Doctor and Police upon arrival, both commended Willard for the wonderful job of first aid he had rendered to the injured persons.

Willard received all his training in first aid in our mill and is a holder of a St. John's Ambulance Bronze Medalion.

It is on occasions like this that the value of first aid training is evident.
