blades, scissors, shears,  
chisels, meat grinder blades and knives,  
sharpened. Phone 3582 or leave at 54 Hudson Dr.

NOTICE TO TERRACE BAY FISHERMEN

At a recent meeting of the local Fish &  
Game Association the matter of restocking local  
lakes was being discussed. A Department of  
Lands and Forests officer present, advised  
that all of the restocking of local lakes  
would be done by airplane and that to date 16  
lakes in our area had been planted with a total  
of approximately 36,000 speckled trout finger-  
lings at 2 - 3 1/2 months old.

It was also pointed out that in some  
instances, when the plane flew over a lake  
to drop fish there would be a boat or canoe  
out on the water that persisted in staying  
out in the way of the plane. Even after  
the plane had buzzed the lake 3 or 4 times  
the boat stayed out in the way with the  
occupants gaily waving at the plane.

Should you be out on the water when a plane  
comes in low, please head for the shore for  
a few minutes till you see if the plane has  
dropped a stock of fish or if it is trying to  
get down for an emergency landing. Your  
attention to this detail will help the pilot  
and possibly avoid your boat getting a shower  
of small fish - or even from becoming involved  
in a more serious accident.

LOST

Miniature curling trophy at curling  
banquet. Inscribed 'J. Brown.' Finder  
please contact Jim MacDonald. Phone  
mill-local 248 - Dial 3687.
