FISH & GAME ASSOCIATION NOTES

All those who intend to take part in the Hunter Safety Training Course are asked to get their waiver forms in by the end of this week. These forms are required in order to determine how many will be taking the course. Numbers enrolled will in turn determine the amount of instruction materials needed and whether the course will have to be split up into more than one section or not. The sooner we have this information the sooner we can order materials and set up a course schedule.

A lot of work has gone into this project and it's going to be a lot of fun as well as educational. Let's everyone get their forms in. The more the merrier.

CREDIT UNION NOTICE - The Credit Union Office will be closed on Dominion Day, July 1st.

STORK CLUB NEWS - Congratulations to Mr. and Mrs. Ken Turner on the birth of a son June 21st, and to Mr. and Mrs. Neil Bottomley, a son on the 24th.

TOMMY COMMON SHOW SUCCESS - Monday night, Tommy Common, the Hames Sisters & Company, gave Terrace Bay a first-hand sample of why they are among Canada's most popular T.V. performers...and Terrace Bay people especially the kids, let them know they were appreciated. After a successful 2-hour show followed by a dance the company agreed unanimously that if they are on the road again next year, Terrace will definitely be on their list.

ATTENTION PLEASE!

On Tuesday June 17 a dusty fly-bitten Kiwanis work party raked and seeded the area between the wading pool and Selkirk. In order to give the grass seed a fighting chance the area was fenced off with snow fence. This will be taken down sometime later this summer after the grass has become established. We ask everyone, especially the children using the area, to cooperate in refraining from entering or throwing rocks, sticks or trash into the area.

When complete this new section of lawn should do much to improve the appearance of the area between the Arena and the Public School.

CHIMNEY CLEANING TO START SOON

We are starting to clean chimneys in the Townsite and tenant's cooperation is requested. Please make sure we can get at your furnace and chimney easily. If there are any obstructions we will be forced to leave the cleaning of chimney and furnace and the tenant will be required to pay for same at a later date.

- Townsite Department.
