8TH ANNUAL TERRACE BAY FISH FESTIVAL - THE BEST YET

The Kiwanis Club of Terrace Bay wishes to thank all the good folks who helped make the Fish Festival such a success. It is estimated that nearly 500 fishermen took advantage of the excellent weather, taking to the local lakes and streams for a go at the prizes. A good catch was evidenced by the large number of fish entered. Our congratulations to the winners for their fine catches, and to the rest of the fishermen our thanks for participating and hopes for better luck next year.

THE WINNERS.

TERRACE BAY SOFT-BALL SEMI FINALS

Monday night heralded the first softball semi-final set. Pennant winning shift 2 edged the third place Salary Team 17 to 13. Salary took an 11 to 1 lead at the end of two innings but were unable to hold the opposition down. A combination of Shift 2 hits and Salary errors proved to be the big factor in the Shifters scoring 7 runs in the bottom of the sixth. Neither pitcher looked too impressive as no less than 28 hits were made.

It was good to see old-timer Bill Sadowick back in the line-up for Shift 2. Bill produced a game winning single. John Boudreau and Red Woods were the big men for the Shift workers as they knocked out 4 and 3 hits respectively for the white-collared boys, Kit Thomas showed good power as he slugged out 3 hits. In the fielding department Ken Ward stole the show. His tremendous speed stopped two sure homers and his throwing arm was calibrated to great accuracy.

	Box Score							H.	R.
	1	2	3	4	5	6	7		
Salary	2	9	0	0	1	0	1	12	13
Shift 2	1	4	1	3	1	7		17	17

The semi-finals are a two out of 3 game series. Shift 2 vs. Salary. Shift #1 vs. #4. The winners to play off for the Fraser-Brace Trophy. Thursday night Salary & Shift #2 meet again. See page 6 for league batting averages and game schedule.

BEAR ATTEMPTS TO JOIN SCOUTS.

The 1st Terrace Bay Scout Camp was held from Aug. 2nd to 9th at their Campsite on Whitesand Lake with twenty Scouts and three Leaders plus one bear attending. The leaders were Bill Megraw Skip, Grant Kelly, Quartermaster and John Shivas bear chaser.

There were four patrols, Panthers, Fox, Lions and Buffalo, each with their own Campsite--making their own Alter fires for cooking and tables and benches. The Leaders took turns each meal eating with different patrols and by their comments the bears are quite good chefs. A black bear weighing around 300 lbs. decided to join the Scouts but it seemed his appetite plus the appetites of the Scouts was too much for the quartermaster and either the Scouts or the bear would have to go. Since the bear hadn't paid his fees or hadn't been invested he was the logical one to leave. So, on the fourth night Bob Hofland from the Dept. of Lands and Forests arrived and did away with the bear. The troop now has a bear skin and each member of Camp has a claw as a souvenir of his visit. An overnight boat trip from Camp had been planned but due to the bear visits it had to be cancelled. As a result extra work was done on Scout tests with a total of sixty-five tests
