Swimming Pool?

After a cold, wet and windy summer, the question "Do we need a swimming pool?" has become a favourite subject of local conversation.

Despite the fact that we have an ideal beach at the dam, weather conditions make pleasurable swimming days so few that only the hardiest are able to take advantage of swimming classes and free-swimming periods.

True, the beach was a busy place this summer, but the majority were content to sit or play on the sand. Even those who ventured into the water either paddled near the shore or made their dips very short ones.

Most people, when they swim, like to be able to spend a good period of time in the water at one stretch. Ideal water temperature for this is between 74 and 78 degrees. Water temperature at the beach this summer ranged between 66 and 70 degrees, and were often as low as 61 degrees. This low temperature, combined with a brisk breeze, does not make bathing a real pleasure.

We could have a pool!! Look at the wonderful efforts made by Marathon, and being made by Red Rock. Both of these pools are results of public subscription and volunteer labour. They are proof positive of what combined community effort can accomplish.

How much effort would you be willing to put into a pool for Terrace Bay??

LABOUR DAY CELEBRATION AT MOOSE HALL

At the Moose Hall on Labour Day, Local 665 held a bang-up celebration for every one in Terrace Bay.

The Hall was filled with kids. A peanut scramble was held for the young fry, also races for boys and girls from ages 4 to 14. Four prizes were given in each race.

Treats were the order of the day. It was almost impossible to estimate the number present but there was no difficulty disposing of 84 dozen dixie cups of ice cream.

Three legged, wheelbarrow races, etc., were held for adults. Coffee and doughnuts were given away and the prizes for all the events, including those for adults, were excellent.

It was a great Labour Day celebration in Terrace Bay.

CHESS PLAYERS-Weekly playing commences Sept.15, small room at Rec.Centre.

Shift 4 Wins!!

Yes the Shift #4 boys came from behind a two game deficit to take the 1958 Softball Championship in three straight games. On Thursday night, August 28th, Shift #4 won by a 6 to 5 score.

The Salary squad had an early 5 to 1 lead but #4 rallied for five runs and salary could not push the tying run across the plate.

Statistics show that Salary had 13 hits compared to 8 hits for #4. But--its the final score that counts.

Congratulations Shift No.4!!!!
