BOYS SCOUT CHRISTMAS CARDS

Once again the Boy Scouts are selling Christmas cards to help defray costs of the summer camp. After the camp fees of the boys have been received, the Group Committee pay the remaining bills. This year total camp costs amounted to \$962.80. When the fees of \$510.66 were deducted the Group Committee paid the remaining \$452.14. This last sum was raised mostly through the sale of Christmas cards.

When the Scout visits your home with the sample box of Christmas cards, occas-

ional cards, novelties, etc., please look them over carefully. You will find good quality cards at a very reasonable price. And remember, every dollar you spend will be applied to further Cub and Scout work here in Terrace Bay.
