Choosing of Rinks - The numbered skip system will be used; all members must submit individual application forms. Curlers will be classified and at a meeting of all skips, rinks will be chosen. The reason for reverting to this system is to help increase club membership.

Bonspiels - All curlers participating in a bonspiel sponsored by the T.B.C.C. must be members in good standing of a recognized curling club.

Regular curling should start about Nov. 15th. However, it is hoped that the ice will be ready before this so that those interested in curling will have a chance to try throwing a few rocks.

Treasurer, Des. Evans-Smith gave his report which showed that last year was a banner year.

There will be an executive meeting in the Curling Club lounge on Monday, Oct. 13th at 7.00 P.M.

HOSPITAL BEQUEATHED A CROUPETTE AND A PORTABLE SCREEN

The late Peter E. Mazza, continuing his well-known generosity even after death, has bequeathed a Croupette and a Portable Screen to the Terrace Bay Hospital. The croupette is a cool-vapour and oxygen tent which is frequently necessary for the relief of chest conditions in this climate, and which can be used for adults as well as children. Both these gifts, which arrived last week, are very valuable to us, and are most gratefully acknowledged by the members of the Hospital Board and the Hospital Staff.

Mrs. M. Buck, Sup't.

NOTICE

Residents of the town are reminded that there is a clause in their lease to the effect that before installing an oil burner, permission must be obtained from the Kimberly-Clark Corp. This may be obtained by applying to the Townsite Foreman.

DEGAULLE WINS SWEEPING VICTORY

Do the recent election results in France indicate that at last the Unity needed to create a stronger country has arrived.

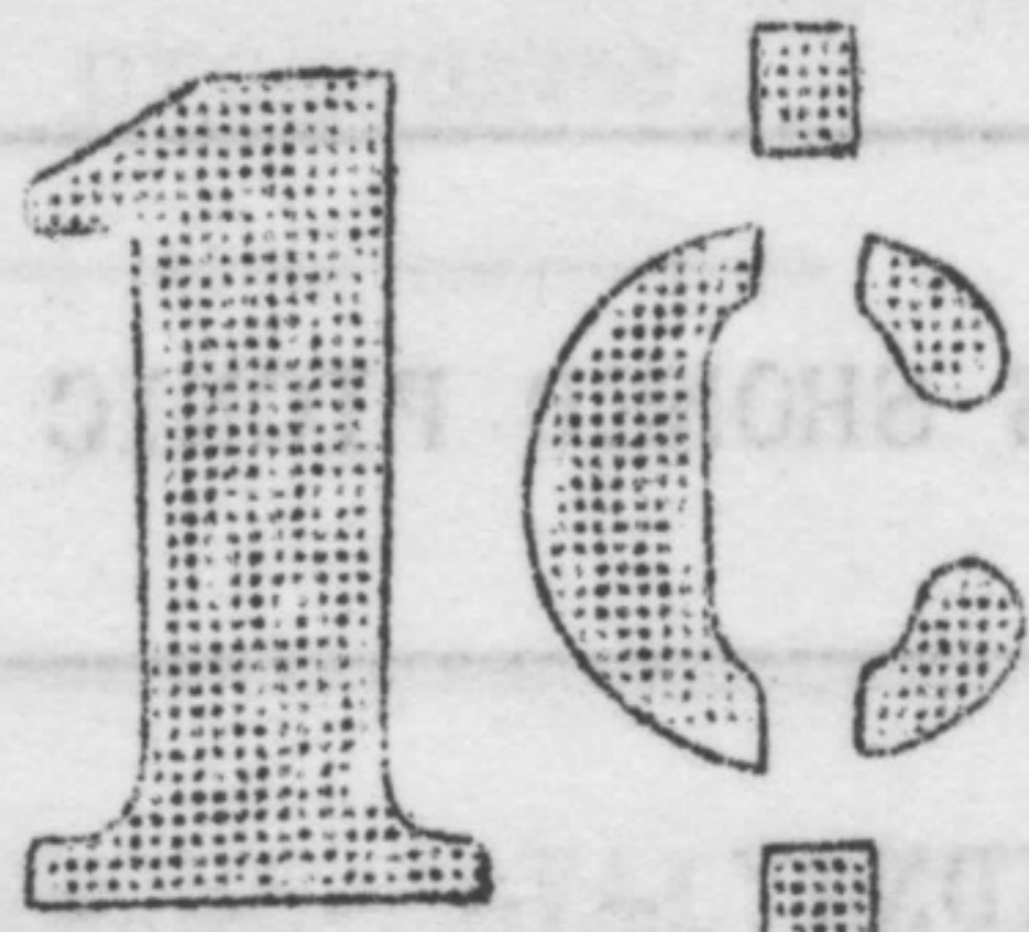

The internal strife which has forsook kept France from again attaining the eminence it once enjoyed may be over.

Sweeping reforms in the Constitution are proposed and, to judge by the election, accepted. Vive La France!
