

THERE'S ROOM FOR ALL 'NEATH THE UMBRELLA. LOANS ANSWER NEEDS -- Credit Committees grant thousands of loans to members saving them many dollars paid to Finance

Companies. From the Credit Union standpoint, the important thing is not that loans are made, but members' needs are met. In approving loans, the Credit Committee is concerned with the welfare of the borrower, anxious to help him. It is this personal relationship that gives Credit Unions their special place in our economy. OFFICE HOURS 7-9 P.M. TUESDAY & FRIDAY - 482 SUPERIOR.

FIRE PREVENTION NEWS

Fire Chief G. Maitland of Terrace Bay reminds all residents to be extra careful this time of the year with home heating units.

Make sure they are in excellent condition. Also it has been noticed that some people are in the practice of using one door of their homes only. The other door being unuseable and blocked with snow. This is most unsafe in the event of fire. It is recommended that both house entrances are kept clear.
