DEMERIT POINT SYSTEM STARTS FEBRUARY 1, OFFICIAL WARNING GIVEN AT 6 POINTS

Under the authority given to the Department of Transport by the Legislature last April, an Order-in-Council has been passed establishing the point system by regulation with effect after February 1st, announces Transport Minister Matthew B. Dymond.

The purpose of this programme is to bring about desirable changes in the "behind-the-wheel" behaviour of drivers, said Dr. Dymond. This will be accomplished by an announced point schedule which will provide for warning letters and personal interviews at certain levels so that drivers will be fully informed of their record and that action may be taken to improve their driving habits.

"This programme will be widely publicized through advertisements, releases, statements and printed material," assured the Transport Minister. "Research has shown that persons who build up a record of numerous convictions are much more accident prone. The point system is therefore an integral part of a complete highway safety programme. It is of interest to note that point systems are in operation in over twenty jurisdictions in North America and these have proven themselves a major factor in reducing the accident rate significantly."

"A responsible driver has nothing to fear under the point system," continued Dr. Dymond. "It would be necessary, for example, to have six convictions carrying a two point total in a two year period to come under the mandatory suspension of three months. The points have been carefully determined after a study of the Ontario situation and an appraisal of the research study just completed by Dr. B.J. Campbell of the University of North Carolina for the American Association of Motor Vehicle Administrators."

CHRISTMAS DECORATIONS

As in past years, the Kiwanis Club would like to encourage the outside decoration of our homes and lawns during the Christmas season. Each year it is a matter of pride to drive around our town and enjoy the many varied and delightful forms of Yuletide symbols.

To add to the fun of decorating, a total of nine prizes are being offered: a first (\$5.), second (\$3.), and third (\$2.) in each of three categories -

1. Depicting the religious theme of Christmas.
2. Festively decorated.
3. Originality.

For the youngsters, a first (\$5.), second (\$3.) and third (\$2.) prize will be given for the best snowman or snow sculpture erected.

Judging will take place during the week of December 22nd.

SUPERIORS AT MARATHON THURSDAY, DEC. 11TH. NIPIGON FLYERS VS. SUPERIORS SUNDAY IN TERRACE BAY

Superiors will journey to Marathon Thursday, December 11th, to play the last of a two game total goal series for the Soughton Jeweler's Trophy. This trophy is for competition between Terrace Bay and Marathon with the aim of promoting keen sport between the rival clubs in pre-schedule league play. Superiors have a two goal advantage having won the first game by 6-4. This superiority was gained on home ice. Marathon now has the advantage and will put their best efforts forward to at least gain a moral victory. Superiors on the other hand have much to gain by keeping the Mercuries under.

Sunday the first of the North Shore Hockey League games will be played at the Terrace Bay Arena. On the bill will be the visiting team, Nipigon Flyers vs. Terrace Bay Superiors. Ted Broughton, president of the North Shore Hockey League will be present to officially open the North Shore Hockey League by tossing the first puck. There have been no buzzes, grape-vine or otherwise as to the strength of the Flyers this year, so they will come here as dark horses and will have to put up a good show in front of the critical eyes of the
