SUPERIORS MOVE INTO 2nd PLACE IN N.S.H.L.

Superiors VS Marathon last Thursday left nothing to be desired in hockey when they met for the first time in League play on Terrace ice, Superiors finishing on top by a score of 4-2.

The game was fast, close checking, with plenty of hard clean checks. For the first two periods and half way through the third it was anyone's game. The stellar performance of each goal tender decided the outcome of the breaks that were few and far between during the play.

Marv.Osmar and D.Whalen figured for two of the Terrace goals - Marv.clicking on a pass from Whalen in the first score of the game and Whalen netting on a pass from Marv. for the final counter. Calder, with Cyr and Tookenay, gave the Superiors a thirst for goals when, half way through the 3rd period, Calder evened the score two all. Wainikka, with Hansen and Lindquist, set the Superiors in the lead.

Extra credit is due to the players who got the counts but actually everyone played top hockey.

Marathon Mercs were not trailing in the play. Their hearts were set on taking the Sups to give them eleven straight wins and no loss for this season. Their two goals were obtained by the combined efforts of Charyna, Kosolowski and LeBlanc; Charyna opening and LeBlanc honouring on the second.

DON DOBSON SCORES FIRST LEAGUE SHUT-OUT

Saturday against Red Rock was a different story - Superiors white-washing the Royals 5-0, had the better of the play throughout but met stiff resistance by the Red-Rock defense. Dobson came through with a shut-out - the first in the League this year.

Royals all out efforts near the end of the game to break the goose egg kept tension at a high pitch until the final whistle.

Maurice Osmar, Marv.Osmar (twice) Blom and Whalen were the goal getters, Marv. Osmar, Whalen, Wainikka and Hansen coming through for assists.

On Sunday, the Flyers took the wind out of the Superior sails when they came out on top 4-2 at the Nipigon Arena. This gives the Flyers their third win against the Superiors when they are playing host.

NOTICE TO PARENTS OF PUBLIC SCHOOL CHILDREN

Over the years a great number of school Library Books are carried home by children and not returned. It is possible that there may be many of these in various home in Terrace Bay.

At present we are preparing to set up a central library within the Public School for the use of the children and, for this reason, would like to get back into the school any books which may have been carried home and left.

If you have any at your home that are stamped with the Public School stamp, or even other good young people's books that are no longer of any use to you, we should be very glad if you would send them with a child or bring them over to the school.

The Library will have three divisions, Primary, Junior and Intermediate. We can, therefore, use a wide range of books.
