NOTICE RE ADVERTISING POLICY

There has been some confusion regarding this Paper's policy on the insertion of items from fraternal organizations, service clubs, etc cetera. Originally, we were inserting items on Bingos, suppers, etc., from these organizations without charge for a maximum of two insertions. These free insertions were on the basis of "if space permitted". We have been criticised on occasion for omitting a notice when the only possible way it could be printed would be to add another complete page to the paper. The addition of an extra page for this purpose is impractical and uneconomical.

Therefore, from now on we will charge all organizations for the above mentioned type of notice and they can then be assured it will be printed. The charges will be at our regular rates which may be obtained from the Terrace Bay News Office or by phoning the office No. 3747.

We will continue to print any news items from these organizations without charge but will differentiate between a news item and a charged notice in this manner; any activity in which an organization is making a charge to the public; i.e. admission, etc., will be considered as an advertisement and will be inserted at our usual rates.
