Five games will be played in all, ensuring you of the best in entertainment. The first four games will be fifteen minute games, the final a regular game. Your admission ticket entitles you: (1) to see all five games, (2) to a chance on a door prize, (3) to support one of the worthiest organizations in Terrace Bay.

REMEMBER THIS: Your financial support is secondary on Minor Hockey Night'. This is the one night in the year that we hope to have a packed house. Usually the kids play before very sparse crowds. Let's get out and lend them our moral support on Saturday Night.

PET POISONING EPIDEMIC HITS SCHREIBER

The sorrowful episode in the Story of Jake and the Kid has its counterpart in Schreiber during the past ten days when the pets of some twenty-odd families have died. The dogs, the indignant public are convinced, died from strychnine poison. One pet, sent to a well-known veterinarian was, in his opinion, the victim of such a cruel act. They are, for the most part, older and smaller dogs, which seldom stray from their own premises, but within a brief ten minutes from the time some have left the door they have returned to die in such a short time that nothing can be done for them. This points to the fact that the vicious killer knows exactly the correct amount to administer, or the painful death would be a lingering one.

Adults are deeply concerned for fear the deadly drug might be picked up in some manner by small children for it still has not been established in what manner it is being distributed.

The M.O.H. and the Police at first considered it more probable that an epidemic of some sort had struck the town, but this was disqualified, it would seem, in the case of the valuable dog kept in wired grounds at the Lake which suffered the same fate as dogs running about. The Police are doing all within their power to investigate and, if a poisoner is at large, apprehend him, but it will require the aid of the public who can search their grounds and keep a sharp watch for suspicious actions.

QUEEN'S HONOURS LIST OF INTEREST LOCALLY

In the Queen's New Year's Honours list, Hon. R.T. Symonette, M.E.C., M.H.A., of Nassau, was made a Knight Bachelor. The new Knight, who has chosen the name Sir Roland with his title, is the senior member of the House in terms of service as a Legislator and he was recently elected chairman of the United Bahamian Party, the majority party in the Assembly. Sir Roland has earned the admiration, affection and esteem of his fellow Bahamians during his career as a legislator, in civic affairs, as a philanthropist and as a business man and he was not born with the proverbial silver spoon in his mouth. He will receive his accolade in London on Feb. 10th, when he will be accompanied by his wife, the former Margaret Thurlow, who was born and raised in Schreiber.
