## SCHREIBER CANCER FUND DRIVE APRIL 16TH

A score of women will cover the town on April 16th in the campaign for funds for the Canadian Cancer Society and, since this is not deducted from wages, it is hoped, and expected, the public will make their usual generous donations.

A percentage of monies collected goes directly to cancer research and a definite sum is spent in our district as those who have been helped gladly attest. IN ADDITION TO MEDICAL TREATMENT, PATIENTS ARE GIVEN OTHER CARE, and while this consideration is not treatment it most definitely, in the opinion of doctors, aids in their recovery and rehabilitation since the victim of the disease often suffers a deep depression. This latter suffering comes frequently from anxiety over families and it is in this instance the welfare part of the organization find very real and gratifying work.
