MINOR HOCKEY

The 1959 Minor Hockey season came to an official close during the Easter holidays just past. Pickup games and open hockey sessions kept the boys active throughout the vacation period, since scheduled games and practices had finished a week earlier.

1959 marked another successful season for the Association, with about 60 more boys active than in the previous year. It appears that there will be between 60 and 75 more for next year.

All told, 152 boys played hockey under the Minor Hockey Association this year, over 100 of them in the Flyweight and Pee wee classes. Fifteen local men contributed coaching time, and six others helped as referees. In addition, the men serving on the executive and the ladies on the Auxiliary gave invaluable aid to ensure a successful season.

Over the winter the Flyweights and Pee wee engaged in house league games. No winner was declared in the Flyweight division, since there were only two teams. However, it appears that there will be four teams in this class next year so a house league will probably be formed.

Bruins emerged winners over Canadiens in the Pee wee division, after one of the toughest series in years. They won the final game 1-0 in sudden death playoff. It was quite a victory for the Bruins who had finished last behind Canadiens, Black Hawks and Leafs in the regular schedule.

The Pee wee All-Stars, Bantams and Midgets played a No.Shore schedule against Schreiber and Marathon on their divisions with the Pee wees emerging winners of the No.Shore and Spadoni Trophy for the second straight year. Although the Bantams and Midgets didn't win they fared very well and lost out after stiff playoff sessions. (More next week)
