BASEBALL (Cont'd)

from page 1
the city curfew spelled out "TIE" for our lads after nine innings of play.

All in all the Terrace Club seems to be improving and if it continues they will be a shoo-in for the finals. This Sunday sees another underated team come to town for a double header in the form of Dinty's Colonels, who, even though they occupy last place in the standings could catch fire at any time and become the Giant Killer of the League.

As a warm up for this weekend Manager Jack Thomas has once again arranged for an exhibition game with Marathon on Thursday night. Let's hope it doesn't rain this time. **GAME TIME 6:30 P.M.**

CRIBBAGE TOURNAMENT:

With only a few weeks left to play, the crib tournament is reaching a climax with several players in contention for the Grand Prize. Cy Brassard continues on top with only one defeat to date, but is closely followed by Scotty Hamilton, Don Blom and Gus Drexler. Many players are in contention for the second place prize and several are fighting for the booby prize which goes to the player with the least number of wins.

Competition continues this week. Several fellows have a few games to catch up. These players are urged to be out Wednesday and get up to date, otherwise their games will be forfeited. The tournament is scheduled to wind up on Wednesday, June 24th.

GALA FIREWORKS DISPLAY ON JULY 1ST.

July 1st marks two important events for Terrace Bay this year. Besides celebrating Dominion Day, it is the inauguration day of the first municipal government for our town.

In recognition of these events, the Board of Trustees of the Improvement District Board plan a giant fireworks display and street dance on the evening of that day. Arrangements will be handled by a committee appointed by the Board.

SWIMMING INSTRUCTION NEWS:

For several years now, it has been very difficult to get children out regularly to swimming classes during the summer. Although many have registered, attendance at classes drops off gradually after the first few weeks.

In this area where we are surrounded by water and where a great deal of our leisure time is spent on or near the water, it is essential that our children receive instruction and learn to swim well. Because of this each year, the Recreation Association provides swimming classes during the summer months. Unfortunately, attendance has been very irregular, making it almost impossible for the instructor to keep his programme operating.

This year, instruction will again be provided under the direction of Mr. Ralph Warren, Red Cross Instructor from Hamilton. However, to assure regular attendance at classes, a \$1.00 refundable fee will be charged to those registering. If the swimmer attends 75% of the lessons (approximately 15 out of 20) the fee will be returned. Otherwise, it will be forfeited. This is being done so that parents will take a greater interest in seeing that their children attend classes. It is very important that they learn water safety, but we must have regular turnouts so that the job can be done well.

REMEMBER....we are not charging for swimming instruction. If the child and parent accept their responsibility, the fee will be returned. In many centres this service costs a great deal of money. All we're asking for is regular attendance. Registration forms will be circulated through the schools shortly.
