

# Attend The X-RAY Clinic

CAR SERVICE AVAILABLE FOR THOSE WHO WISH TRANSPORTATION FROM 7:00 P.M. TO 10:00 P.M.  
PHONE 3542

Sixty ladies will be busy from October 15th to October 20th, urging townspeople to attend the T.B. Chest Clinic on October 21st. These ladies will be visiting every home in Terrace Bay, leaving information and a history card for each adult attending the Clinic. They will be able to answer many questions on the importance of this drive; don't hesitate to ask them any question which puzzles you.

To organize this group and to prepare the envelopes of material for their visits required the help of 16 other women.

These citizens are helping by giving their time and effort; YOU can help by going to the Clinic and having a Chest X-Ray.

EVERYONE ABOVE SCHOOL AGE SHOULD HAVE AN X-RAY

### CARD OF THANKS - FROM G.C. MAITLAND, FIRE CHIEF

I would like to express my sincere appreciation to all who took part in the Fire Prevention Week activities October 4-10/59.

The enthusiasm and interest displayed by the children certainly made the effort worth while and, I am sure, will greatly aid the Fire Dept. in attempting to make our community a safer place in which to live.
