The runners-up in Grade IX and Grade X were awarded special prizes donated by the High School Board for their excellent records. Linda MacFadyen was second in Grade IX with 76% and Bill Garvin made 85.4% for second place in Grade X.

The Highest Graduate, Myrna Crandlemire, also received a year's subscription donated by McLean's Magazine, and Peggy Shirriff received Honourable Mention for a year of perfect attendance and no lates.

Awards also given yearly by Soughton's Jewelers to the Proficiency Award Winners were presented at this point in the program. In a few well-chosen words Mr. Soughton said that his Company, in presenting the gifts to award winners, hoped to promote better scholarship. He then presented four watches, one to each award winner - Peggy Shirriff, Bill Colborne, Larry Driffield and Myrna Crandlemire.

The audience were entertained by Peggy Shirriff who played two very lovely selections on the piano.

Introduced by Mr. D.A. Locking, the Guest Speaker, Mr. Guy Minard,

Vice-President of Kimberly-Clark of Canada, delivered his remarks in a manner to appeal to the Grads to whom they were principally addressed and yet favourably impressed the adults present. As a Governor of Queen's University, Mr. Minard is well-versed in scholarship dispensing and achievement and is vitally interested in promoting higher standards in Towns where Kimberly-Clark are situated. He mentioned the prevailing rate of Scholarship chances in Kapuskasing and hoped that at some future time Terrace Bay would be producing enough scholars that the number of available scholarships donated by Kimberly-Clark Company would be increased.
