COMETS STILL BATTLING

In the Lakehead Senior Baseball games during the past week, Comets have failed to chalk up a win. They travelled to the

Lakehead over the week-end and played a double header against the Red Sox. Kolody was up against Dickson for the first game, allowed eight hits and had the game well under control, but an error on his part allowed two men on to come in with runs. He overthrew to second base on what could have been an easy double play. Mowatt took the mound for the second game against Wilkinson who allowed only four hits but he is having trouble in that his own team is not supporting him with hits. The Comets are still very weak at bat. Scores were: first game 6-2; second game 4-1.

Last Thursday the Comets met Red Rock. Due to bickering, arguments and fights, the game went to the top of the eighth at which time the Comets had tied the score. The umpire called the game because of darkness thus reverting the standing to the seventh inning which gave Red Rock a 2-1 win. On protest the final outcome will be that, on Wednesday, when Red Rock again meet the Comets, last Thursday's game will be continued for one and a half innings. If tied, there will be another game scheduled.
