Miss Sandra Phillips has returned to her studies at Hamilton General Hospital after vacationing in Terrace Bay with her parents, Mr. & Mrs. J. Phillips.

Miss Janice Mills has returned to Milwaukee, Wisconsin after vacationing at the home of Mr. & Mrs. H.N. Marsh for two weeks.

Mr. & Mrs. J. Beddard and family are spending a holiday in the Kenora-Keewatin District.

FOREST FIRES GETTING CLOSER TO US!

After hearing of the tremendous toll being taken in other parts of Canada and in the United States through forest fires we, in this district, are reminded that not only our prosperity but our very lives are dependent on our care in the forests.

The blackened stumps of burnt over trees between Terrace Bay and Schreiber once served as a reminder but new growth and deterioration over the years are obliterating these signs. We would do well to not only remember ourselves that this menace is ours to combat but also make it a point to remind visitors and transients to help us prevent forest fires.

Fire just north of Long Lac is at this very time threatening cut wood on the Company limits in that district.

BIRDS HAVE KEEN EYES

Fishermen, cleaning fish with nary a bird in sight, often marvel that the minute he gets busy with the knife, birds appear out of nowhere. A bird's eyesight is generally sharper and capable of reaching further than that of any other animal.
