NOTICE TO HOUSEHOLDERS

There are a lot of men working in the Terrace Bay Mill but we can't afford to lose even one by accidental death.

Once again it has been brought to our attention that some of the householders or home-owners have been either throwing live rifle ammunition in their garbage cans or taking them to the dump themselves.

When the dump is being burned these shells will explode and there is a definite possibility that one of our men will be hit.

Anyone with old ammunition to dispose of should contact either the Services Supt. or Materials Handling Foreman and we will have it
