

WHERE THE K-C CHARITY FUND DOLLARS HAVE GONE

The Kimberly-Clark Employees' Charity Fund has been in operation for a year. The financial statement appended hereto shows the results of the year's operation in dollars and cents. It does not however, show the results in 'help to others'.

Sincere thank-you letters from the various Charities indicate that our money is being put to good use. It is being used to help those less fortunate than ourselves - retarded children, the mentally ill, the blind, the crippled and the hungry; it is being used for research and rehabilitation - Cancer, Heart, Arthritis, Rheumatism, Muscular Dystrophy; it is being used through the Red Cross for the blood donor service, water safety, international and local disaster relief (Foliet, Ont., floods, Chilean earthquakes); and it is being used through Care of Canada, UNICEF, and the World Refugee Year Committee to assist the unfortunate in other lands. These are but a few of the areas in which we render assistance by our donations.

If you are a member of the Kimberly-Clark Employees' Charity Fund you should feel gratified. Your donation is helping to make the world a better place in which to live. If you wish to increase your contribution, please contact one of the canvassers.

If you are not a member of the Kimberly-Clark Employees' Charity Fund, may we respectfully suggest that you give it some serious thought. It is no longer practical to think only of one's own family or town

or even country when it comes to charity. Jets and rockets, whether we like it or not, have put us in close contact with every nation on earth. This contact can be used for good or it could be disastrous. Our future and the future of our children, could very well depend on our charitable attitude and action today. About 70% of your fellow employees are members of the Kimberly-Clark Employees' Charity Fund. Let's make it 100%.

Non-members will be contacted in the near future by one of the following canvassers: W. Baillie, R. Harris, J. Dejonghe, C. Buck, P. Romanuk, H. Goodfellow, J. Marcella, J. Duncan, J.K. MacDonald, H. Costall, D. Winters. We hope that when you are contacted you will think seriously before giving your answer and above all that you will be courteous. Asking for money is never a pleasant chore so please co-operate with the canvassers, all of whom are Kimberly-Clark Employees' Charity Fund members. They are doing their share, and then some. Are you doing yours? If you are making \$350. a month, a donation of \$1.00 a month is .29% of your earnings. **THINK - then GIVE!**

FALCON TROOP NEWS (by Chris Cavanaugh)

The meeting of Nov. 4th opened at 6.35 P.M.

at the High School Auditorium. The first event was "Horseshoe" then "Flagbreak", by the patrol leader of the Panthers. Inspection took place, conducted by Don Colborne and Scouter Brian Peterkin.

After inspection we had two rousing games of Dodge the Ball. We then returned to our patrol corners to pass tests. Following this we were called into "horseshoe" and told of coming events.
