

NOTICE TO LOCAL TEENAGERS AND PARENTS

The Hunter Safety Training course sponsored by the Terrace Bay Fish and Game Assoc. will commence early in February.

There will be five classes of two hour instructions each, a field day and a presentation of crests and certificates to pupils who qualify.

The course will have five certified instructors: Stan Hodgkiss, Elmer Persson, Tony Delaronde, Jack Anderson with Gordon Kydd as chairman.

Applications will be accepted from boys and girls who will be 13 years of age before May 31, 1961. Forms are available at the Rec. Centre office, and parents and guardians are requested to fill in and sign these before February 13 and return to Gordon Kydd.

These gun handling courses should receive real public support. Parents with boys and girls intending to use firearms should take this opportunity to have their children taught the basic safe handling of all types of rifles and guns.

A certificate of competence is now required by the Dept. of Lands and Forests before a license is granted to carry weapons for hunting.

There is a 50¢ fee for each pupil which covers crests and field day refreshments.

The instructors give their time without remuneration. However, they feel well paid if they are helping to prevent hunting accidents and loss of life, especially in our own community.

Last year there were 145 hunting accidents in Ontario, 35 of them fatal, a new high for Ontario for one season.

From a total of 15,600 Hunter Safety trainees there were only 2 minor accidents. Our aim is to cut this record to a new low for 1961.

All applicants will be notified as to the starting date of classes.

(signed) Gordon Kydd, Chairman.
