PLENTY OF MOOSE AROUND

The Dept. of Lands & Forest
 in Geraldton report that al-
 though moose hunters poured
 into northern Ontario in re-
 cord numbers last year, there
 seems to be no diminution of
 the supply of these big ani-
 mals in this area, according
 to an aerial survey carried
 out recently by the Depart-
 ment. The survey showed a
 density of one moose to three
 square miles. Between Gera-
 lton and Schreiber, about 100
 air miles, moose are plenti-
 ful largely because the ter-
 rain is too rugged for hunters
 to get in.
