HIGH SCHOOL INSPECTOR ATTEND BOARD MEETING

Alex Gordon, Chairman, presided when Mr. A.H. Dalzell, Fort William, Inspector of Secondary Schools in this District, met with the School Board last week.

Mr. Dalzell reported on Staff, Board and Students. He gave a good report on the Staff and the Principal, Mr. S. Korchuk, was rated as nearly perfect. The tone of the School is good and he also commented on the cleanliness of the building.

Mr. Dalzell stated that, in this large district, Schreiber High School had the highest attendance for the school term--over 97%. He expressed his congratulations to the students, Staff and parents.

Due to the fact that the building will not accommodate all the students for next term, and rather than house a Grade in an outside building which would entail the expense of equipping same, Mr. Dalzell suggested that Schreiber send their overflow of approximately fifteen students to Terrace Bay for a year, as Terrace Bay will also have an overflow of Grade 9 students and are building two class rooms for September occupancy.

Discussing the new school building which is required, Mr. Dalzell expressed the opinion that, although the new High School in Schreiber would provide a good education, a District High School would provide more.

The Board thanked Mr. Dalzell for his meeting with the Board, for his close co-operation and his readiness to provide help when called upon.
