## TERRACE PEEWEE ALL STARS WIL SEMI-FINAL ROUND

The Terrace Peewee Allstars, after going through the season's schedule undefeated, turned back the Marathon Peewees in two games this past weekend.

On Saturday in Marathon our local lads scored two in the first period, E. Morres from D. Fedun, and T. Black from Morres; and one in the second by M. Brend, to win 3 to 1.

Marathon visited Terrace Bay for the second game of the series on Sunday. The final score of 6 to 2 for Terrace was no indication of the early part of the game. For the first period the teams played to a stand-off, two goals each. Terrace's goals were scored by B. Shirriff unassisted and T. Black from M. Brend. Excellent goal tending on the part of Ricky Dorman blanked the visitors through the remainder of the game. Rickie's team mates in the meantime picked up four goals to win going away. Scorers were R. Coates from F. Renette and B. Shirriff with two unassisted and D. Fedun unassisted.

The final series will take place this week, Schreiber VS Terrace Bay, for the North Shore Peewee Championship.

## TELEGRAPHERS HOLD FIRST ANNUAL BONSPIEL

On Wednesday, March 15th at the Schreiber Curling Club the Order of Railroad Telegraphers held their first Annual Bonspiel with three rinks playing off in a Round Robin Series. The rink skipped by Johnnie Slobodian drew the Bye. Coke Campbell's rink defeated the Harold Morin (Regan) rink 10-6 and later faced the Slobodian rink who led until the half-way mark when "stack brooms" was called. When play resumed some outstanding curling saw the Slobodian rink in the lead on the tenth end only to have two nicely guarded shots outclassed by Campbell's perfect draw.

The game ended 13-11 for Campbell who was presented with a Trophy donated by the Schreiber and Sudbury Divisions for annual competition. Spiel Chairman Jack Whent made the presentation and other players on the Campbell rink were Lawrence Tremblay-lead, Alex Krystia-second and Bob Turner-third.

**"STOP, LOOK, LISTEN"** (Continued from Pg. 5) the family. The forgetful person regardless of age sometimes becomes confused in case of fire. Another disturbing fact is 10 % of fires are caused by young children, resulting in approximately 4,000 deaths every year. Most of these children are good children, normal children, not delinquents. Explain to your children how dangerous fire can be, and what some of the results of fire are. If we all do our part I am sure the children will do theirs. I also notice many front doors are free of snow although there are some houses with still only one fire exit. Court Sittings in Terrace Bay, Tuesday, March 21st were cancelled.
