SAFETY EVERYWHERE ALL THE TIME

The prevention of accidents is a 24 hour a day job - in our homes, on our streets and highways and in industry. In order to reduce the number of accidents that occur each year we need the combined interest of everyone in our community. If we are to protect our loved ones from being victims of accidents we must make safety a family affair, something to be practised everywhere all the time.

To promote family interest in accident prevention the Kimberly Clark Pulp & Paper Co. is conducting a safety contest in which the wives or husbands of employees may participate and win some lovely prizes.

Contest promotional material and rules will be distributed to all employees on May 8th.

Following is the list of awards that may be won by the wife or husband of an employee who participates in the "SAFETY EVERYWHERE ALL THE TIME" contest: 2 Rotisseries, 3 12" Sunbeam Electric Fry Pans, 2 Dormeyer Fri-Well (Deep Fryers), 3 General Electric Waffle Baker and Grills, 3 General Electric Dual Control Electric Blankets 3 Electric Coffee Percolators, 2 Electric Toaster Ovens (G.E.), 2 Sunbeam Deluxe Mixmasters, 2 G.E. Remember "BICYCLE SAFETY RODEO - MAY 27th."

ARE YOU GUILTY OF VANDALISM??

Each year at this time, when the Spring clean-up and repair work is in progress throughout the community, we find evidence of petty vandalism done throughout the winter. Also, during the spring and summer period, vandalism seems to spring into full bloom, with small damage done to facilities, broken bottles in play areas, writing on freshly painted walls and countless other thoughtless acts. These acts not only detract from the overall beauty of the community, but are dangerous and costly as well.

IS THERE A VANDAL IN YOUR FAMILY??

Often a word of warning from a parent, a reproach from an adult or even a little more thought on the part of older people themselves, will stop some thoughtless act of vandalism. Maintaining the beauty and safety of our facilities is everybody's business.

HELP US TO KEEP OUR FACILITIES, PLAY AREAS AND THE COMMUNITY AS A WHOLE, SAFE, CLEAN AND ATTRACTIVE.

MAKE IT YOUR BUSINESS!!

GAMES ROOM USE

The first week of operation in the new Recreation Centre Games Room proved very successful, with the area and equipment in continual use. Adults and young people alike appear to be well pleased with the new facility. However, there are several points that should be clarified, so that users are fully informed.

1. ONLY members of the Terrace Bay Recreation Association will be allowed to make use of the area.

2. Hours of use for various age groups, as outlined on the schedule, must be adhered to at all times.

3. Public school children have use of the room, under supervision, during the specified Saturday hours only. This is necessary for best supervision and for maximum use by all groups.

From time to time, alterations in policy may be necessary.

"BICYCLE SAFETY RODEO"

In conjunction with the "SAFETY EVERYWHERE ALL THE TIME" program that is now being conducted within our community there will be a "Bicycle Safety Rodeo" on May 27th starting at 1 P.M. at a location to be specified later.
