NOTICE TO PARENTS

Once again the problem of children
arriving at school too early has
arisen. During the past few weeks
numbers of children have been found
huddled near the entrance of the
school long before 8.30 in the morning
and as early as 12.30 in the afternoon.

This places an unfair problem of
supervision on the caretaker of the
school since the regular supervision
schedule does not commence until 8.45
and 1.15.

The cooperation of the parents is
requested in seeing that children are
not allowed to arrive at the school
before 8.45 and 1.15 each school day.

FRED VAUTOUR HONORED ON RETIREMENT

On Friday, April 28th a group of
friends gathered in the Moose Hall to
honor Fred Vautour whose retirement
after fourteen years service with the
Kimberly Clark Mill in Terrace Bay
becomes effective May 8th.

Adults of the community will miss
seeing Fred on his rounds and the
school children will no more run to
Fred for candy hand-outs.

During the evening a purse was pre-
sented to Fred on behalf of his fellow
workers by Ken Weppler and Red
Valiquette made a presentation on be-
half of local 665 of a cheque.

Fred has no definite plans, saying
that "if the train is going west when
he gets to the station he'll get on it
or if it's going east at the time he
will do likewise."
