

**MINOR HOCKEY BANQUET** (Cont'd from Page 8) thanked all those responsible for the Minor Hockey activities, on behalf of the players. In Don's words "We may not always show it, but each and every one of us is very thankful that we live in Terrace Bay, and that we have people such as you to spend so much time and effort for us."

**MEN'S CHORUS SCORE SUCCESS**

On Friday night the Terrace Bay Men's Chorus presented their 8th Annual Concert in the High School Auditorium to an appreciative and attentive audience.

The familiar strains of "Hail Friends of Music" set the pace for the first part of the program, which included "Battle Hymn of the Republic", featuring F. Sechesky as soloist.

A Baroque Ensemble from the Public School under the direction of Mr. A. Bishop demonstrated their ability on the Flute before the Chorus appeared in the second section of their presentation. As the last strains of "Laudamus" hovered in the air the audience applauded the Chorus into an encore number - Schubert's "Saints".

The third section included "Listen to the Lambs" with H. Coe as soloist. As an encore to this section the Chorus sang "Oklahoma".

Dave Braybrook delighted the audience with his versatility on the accordion with renditions of classical and Rock and Roll music.

The last section of the program had C. Duck taking the solo part in "Roving" and concluded with an encore number "Let there be Music".

Evidence of the work put into preparation

for this concert was improved timing and enunciation. The group were in fine voice and are to be congratulated on a memorable performance.

**FIRE DEPARTMENT NEWS**

**"Everyone Help Prevent Forest Fires"**

The livelihood of practically everyone in Terrace Bay depends on the products of the forests which surround our community. Your local Fire Dept. makes this appeal on behalf of the Dept. of Lands and Forests in their Forests Fire Prevention Drive to make our forests greener and to help keep them for wild life protection.

Every individual in the community can help in forest fire prevention by strictly observing and encouraging others to observe the rules of fire safety. Here's a few brief rules to observe to help prevent a forest fire

**Smoking** - Smoke only while stopped in a safe place, never while travelling in the woods or when on a portage when fishing.

**Matches** - Be sure your match is out, break it in two before you throw it away, or use a lighter - it's safer.

**Tobacco** - Be sure pipe ashes, cigars and cigarettes are out when you throw them away. Never throw them into bush, leaves or needles. Use roll-your-owns for safety.

**Making Camp** - Build your fire in the clear away from trees, stumps and bush.

**Breaking Camp** - Never break camp till your fire is out. Dead out. Then make sure there are no sparks left.

**Around your Summer Camp** - Never burn brush without a Fire Burning Permit.

**Travelling** - Travel only if you have a Travel (Cont'd Pg. 12)
