## SAFETY EVERYWHERE

### ALL THE TIME

SAFETY IS A WAY OF LIFE - AT HOME, AT WORK, AT PLAY. LIVE IT UP - DON'T GIVE IT UP BY ACCIDENTS.

#### WARNING TO VANDALS

Despite numerous requests and pleas, unfortunately we still have people in Terrace Bay who seem to delight in acts of petty vandalism that mar the appearance of our facilities, cause a great deal of extra work and create serious safety hazards.

As an example, on three separate evenings in one week, the Wading Pool was found filled with large rocks, sticks and broken bottles. The daily check corrected the situation in time to allow for use of the pool the next day, but this does not alter the fact that some youngster or youngsters were guilty of a crime of vandalism.

Since a plea to civic pride to keep our facilities safe and attractive from this and many other acts of petty vandalism seems to have no effect, we must take firmer steps.

**IN FUTURE, ANYONE FOUND DAMAGING OR MARRING RECREATION FACILITIES IN ANY WAY WILL BE PROSECUTED BY LAW.**

Make sure that your child is aware that vandalism of any kind is a thoughtless, costly and serious act.

Let's all protect our facilities and help to keep them safe and attractive.

#### SWIMMING NEWS

First of the three North Shore Swim Meets, held each summer in Marathon, Red Rock and Terrace Bay, was held last Saturday at Marathon. The local team fared extremely well, although hampered by lack of swimmers, due to holidays.

With only fifteen swimmers attending, the locals still managed to pick up eight first places, six seconds and seven thirds, even though each competitor is allowed to enter only three events.

Clifford Wood paced Terrace Bay with three firsts; Marilyn Marsh had two firsts and a second and John Anderson a first and two seconds. Others attending and doing very well were:- Gary Gusul, Larry Stevens, Irene Stuart, David Falzetta, Don Colborne, Bob Lafontaine, Meredith Coe, Virginia Pineault, Errol Morres, Betty Yates, Molly Harris and Daphne Harris.

Red Rock, with a very strong team, took the overall point championship.

#### CAMPING GROUNDS NEEDED?

Being stopped on the streets of the Town by tourists inquiring for restaurants and accommodation is no longer a novelty but it is amusing to see a station wagon with drapes pulled and occupants snugly (Cont'd Page 3)

#### COMETS SPLIT DOUBLE HEADER

The Terrace Bay Comets split a double header with the Port Arthur Colonels last weekend. As a result the Comets are now tied with Red Rock for bottom spot.

In the first game the Comets got a four-run lead in the first inning and held their opponents to two tallies, ending the game with a 5 - 2 score. Red Taylor was the winning pitcher and Don and Willie Yasinski the losers.

The Colonels came back strong in the second game as Jim Arnot threw a three hit shut-out, winning 4 - 0. They scored two runs in the first inning, then chased starter Rick Polhill with two runs in the third. Rex Taylor, who pitched the full seven innings in the first game, finished a long afternoon of baseball, pitching the last four innings and allowing only two hits the rest of the way.

#### TERRACE BAY SWIM MEET JULY 29

Saturday, July 29th marks the date of the Terrace Bay Swim Meet, when local swimmers will play host to rivals from Marathon and Red Rock. This is the second of the three annual North Shore Meets. The final will be held at Red Rock on August 12th.

Any local swimmers wishing to take part in the Meet should contact Instructor Marvin Steen at the Beach IMMEDIATELY. Daily Training classes will be held between now and Meet time, so take advantage of them. **UNLESS WE HAVE MORE SWIMMERS, WE CANNOT HOPE TO WIN THE POINT CHAMPIONSHIP.**

There are breast stroke, back stroke, free style, diving and relay events for boys and girls from 10 years right up to and including adults. **REGISTER NOW!!**

Lists of events are posted at the Dam and at the Recreation Centre.

#### LOCAL "HAM" HELPS AILING WOMAN

A local "Ham" radio operator recently gave assistance in having a sick woman rushed to Port Arthur General Hospital by plane.

The distress call, issued by a missionary of the Northern Light Mission, 85 miles north of Red Lake, Ontario was first received by an operator at Norway Lake, Minn. This operator contacted the Terrace Bay resident who, with assistance from a Port Arthur operator, cleared the network to receive the distress signal and then phoned to the Lakehead for a plane to be dispatched to bring the ailing woman to the hospital. It is believed that the sick woman was a resident of the Indian reservation north of Red Lake.

#### DROWNING VICTIM'S BODY RECOVERED

The body of Andrew Kytor, aged 48, who drowned in the Aguasabon River on July 6th was recovered at 10 A.M. Tuesday morning in Lake 8 of the River.

Mr. Kytor, whose family resides at (continued on Page 4)
