PRESENTATIONS MADE AT COUNCIL MEETING

Preceding the regular meeting of Council last Wednesday afternoon in the Municipal Office, the Reeve, Councillors and guests witnessed the presentation of several awards earned during the past season.

Councillor Des Evans-Smith had the pleasure of presenting the new Town Crests to Mrs. Peggy Wellings for each member of her Curling Rink as a memento of the special recognition they had brought to the Town of Terrace Bay. Mrs. Wellings thanked Council for the honor, feeling it should inspire them on to bigger and better things.

Representing the Fire Marshal's Office, Mr. Lorne Cottenden made the 1960 Fire Presentation Week Award to the Reeve, Mr. John Ferrier. Mr. Cottenden explained this was a national movement throughout the United States and Canada--238 competing in the United States and 538 competing in Canada last year. The Award to Terrace Bay had been Honourable Mention and, in Class "F" the town had taken a first for Ontario. Mr. Cottenden paid public tribute to Mr. George Maitland who had done such an excellent job. Thanking Mr. Cottenden, Reeve Ferrier turned the Award over to Mr. Joe Heenan who, as Chairman of the Fire Committee, presented it to Mr. George Maitland, Fire Chief.

Councillor Heenan felt little of the credit could go to anyone but Mr. Maitland as he alone had supplied the ideas and most of the legwork, Council's support being mainly moral. He too offered his congratulations as he made the award to Mr. Maitland.

Thanking Mr. Heenan for Council's support in the past, Mr. Maitland suggested they watch for something new this coming October during Fire Prevention Week, which he and Acting Chief Mr. Hofland were preparing.

Continuing on with the business of Council, minutes of the last regular meeting were perused and accepted, together with a report from the Dog Catcher, Mr. Doug. Caldwell.

Correspondence read by the Secretary, Mr. W.F. Strutt, included a request to Mr. J. D. Garland, District Engineer, requesting the 40 M.P.H. speed zone be extended to include the entrance to the Mill Road: a letter from the Hydro Commission outlining the retail Sales Tax: a letter received from the District Engineer outlining the reasons for his decision against the proposed lagoon as:
1. Maintenance problems - 2. Danger of freezing and 2. Danger of short circuiting.

Council had requested the Department of Lands and Forests to photograph from their helicopter when available over Terrace Bay, the Town proper, the proposed Trailer Park area and the Sewage Area.

The Fire report for July was received from Acting Chief Hofland, covering the holiday reserve and stating that the bush fire hazard is now low to medium.

Council authorized (Continued on Page 4)

COMET'S RALLY SPARKS PLAYOFFS

The Terrace Bay Comets travelled to the Lakehead last Thursday night and handed the East Ends a 6 - 4 defeat to enter the playoffs for the first time since they joined the League.

Carl "Hook" Kolody pitched 8-hit ball to gain the victory for the Comets. MacKenzie pitched two and two-third innings, and was relieved by Scavarelli. MacKenzie took the loss.

Nipper Osmar and Kolody each had two hits, Sonny MacLeod had a triple, to lead the Comets at the plate.

In the first play-off game, held Sunday at the Lakehead, the Comets outlasted the Fort William East Ends, defeating them 10 - 9. Incidentally, all play-off games will be played at the Lakehead.

Rex "Red Fox" Taylor pitched eight and two-third innings then Kolody came in to relieve him. Kolody didn't pitch to a man as a pick-off play at first base resulted in a run down on a runner trying to score for third. This retired the side and preserved the victory for Taylor. Jarvis took the loss.

Nipper Osmar led the Comets with three hits while Hansen and Polhill each had two.

The Comets have been playing good ball lately, winning their last five league games and the first game of the playoffs. Let's hope they keep up the good work and possibly bring Terrace Bay the L.B.A. Championship. The series is a best four out of seven games.

Ken Ward is handling the team in the absence of Manager Jack Thomas who is on vacation.

CARS ARE URGENTLY NEEDED TO TRANSPORT PLAYERS TO THE LAKEHEAD FOR GAMES THIS THURSDAY AND SUNDAY. IF YOU CAN HELP OUT CALL KEN WARD AT THE RECREATION CENTRE.

THIEVES GAIN ENTRANCE TO LOCAL STORE

During the early morning of August 13th the safe in Caccamo's Grocery, Terrace Bay, was rifled of approximately \$100.

Entrance to the building was gained through a second story window at the rear of the store, after the thieves failed to force a window in the lower part of the building.

Expert cracksmen used a drill and punch to enter the safe compartment where the money was located.

Local police and Ontario Provincial Police are investigating.

DRIVER CRITICALLY INJURED IN AUTO ACCIDENT

Critically injured in an automobile accident on Sunday morning, August 13th, Freidrich Stinzen of Toronto, aged about 35 years, is confined to Terrace Bay Private Hospital.

The accident occurred at approximately 8 A.M. when, travelling west with his wife and child, the car, driven by Mr. Stinzen, failed to negotiate a curve. Provincial Police are investigating.
