

BOY SCOUTS OF CANADA

MENS GROUP COMMITTEE, TERRACE BAY, ONTARIO.

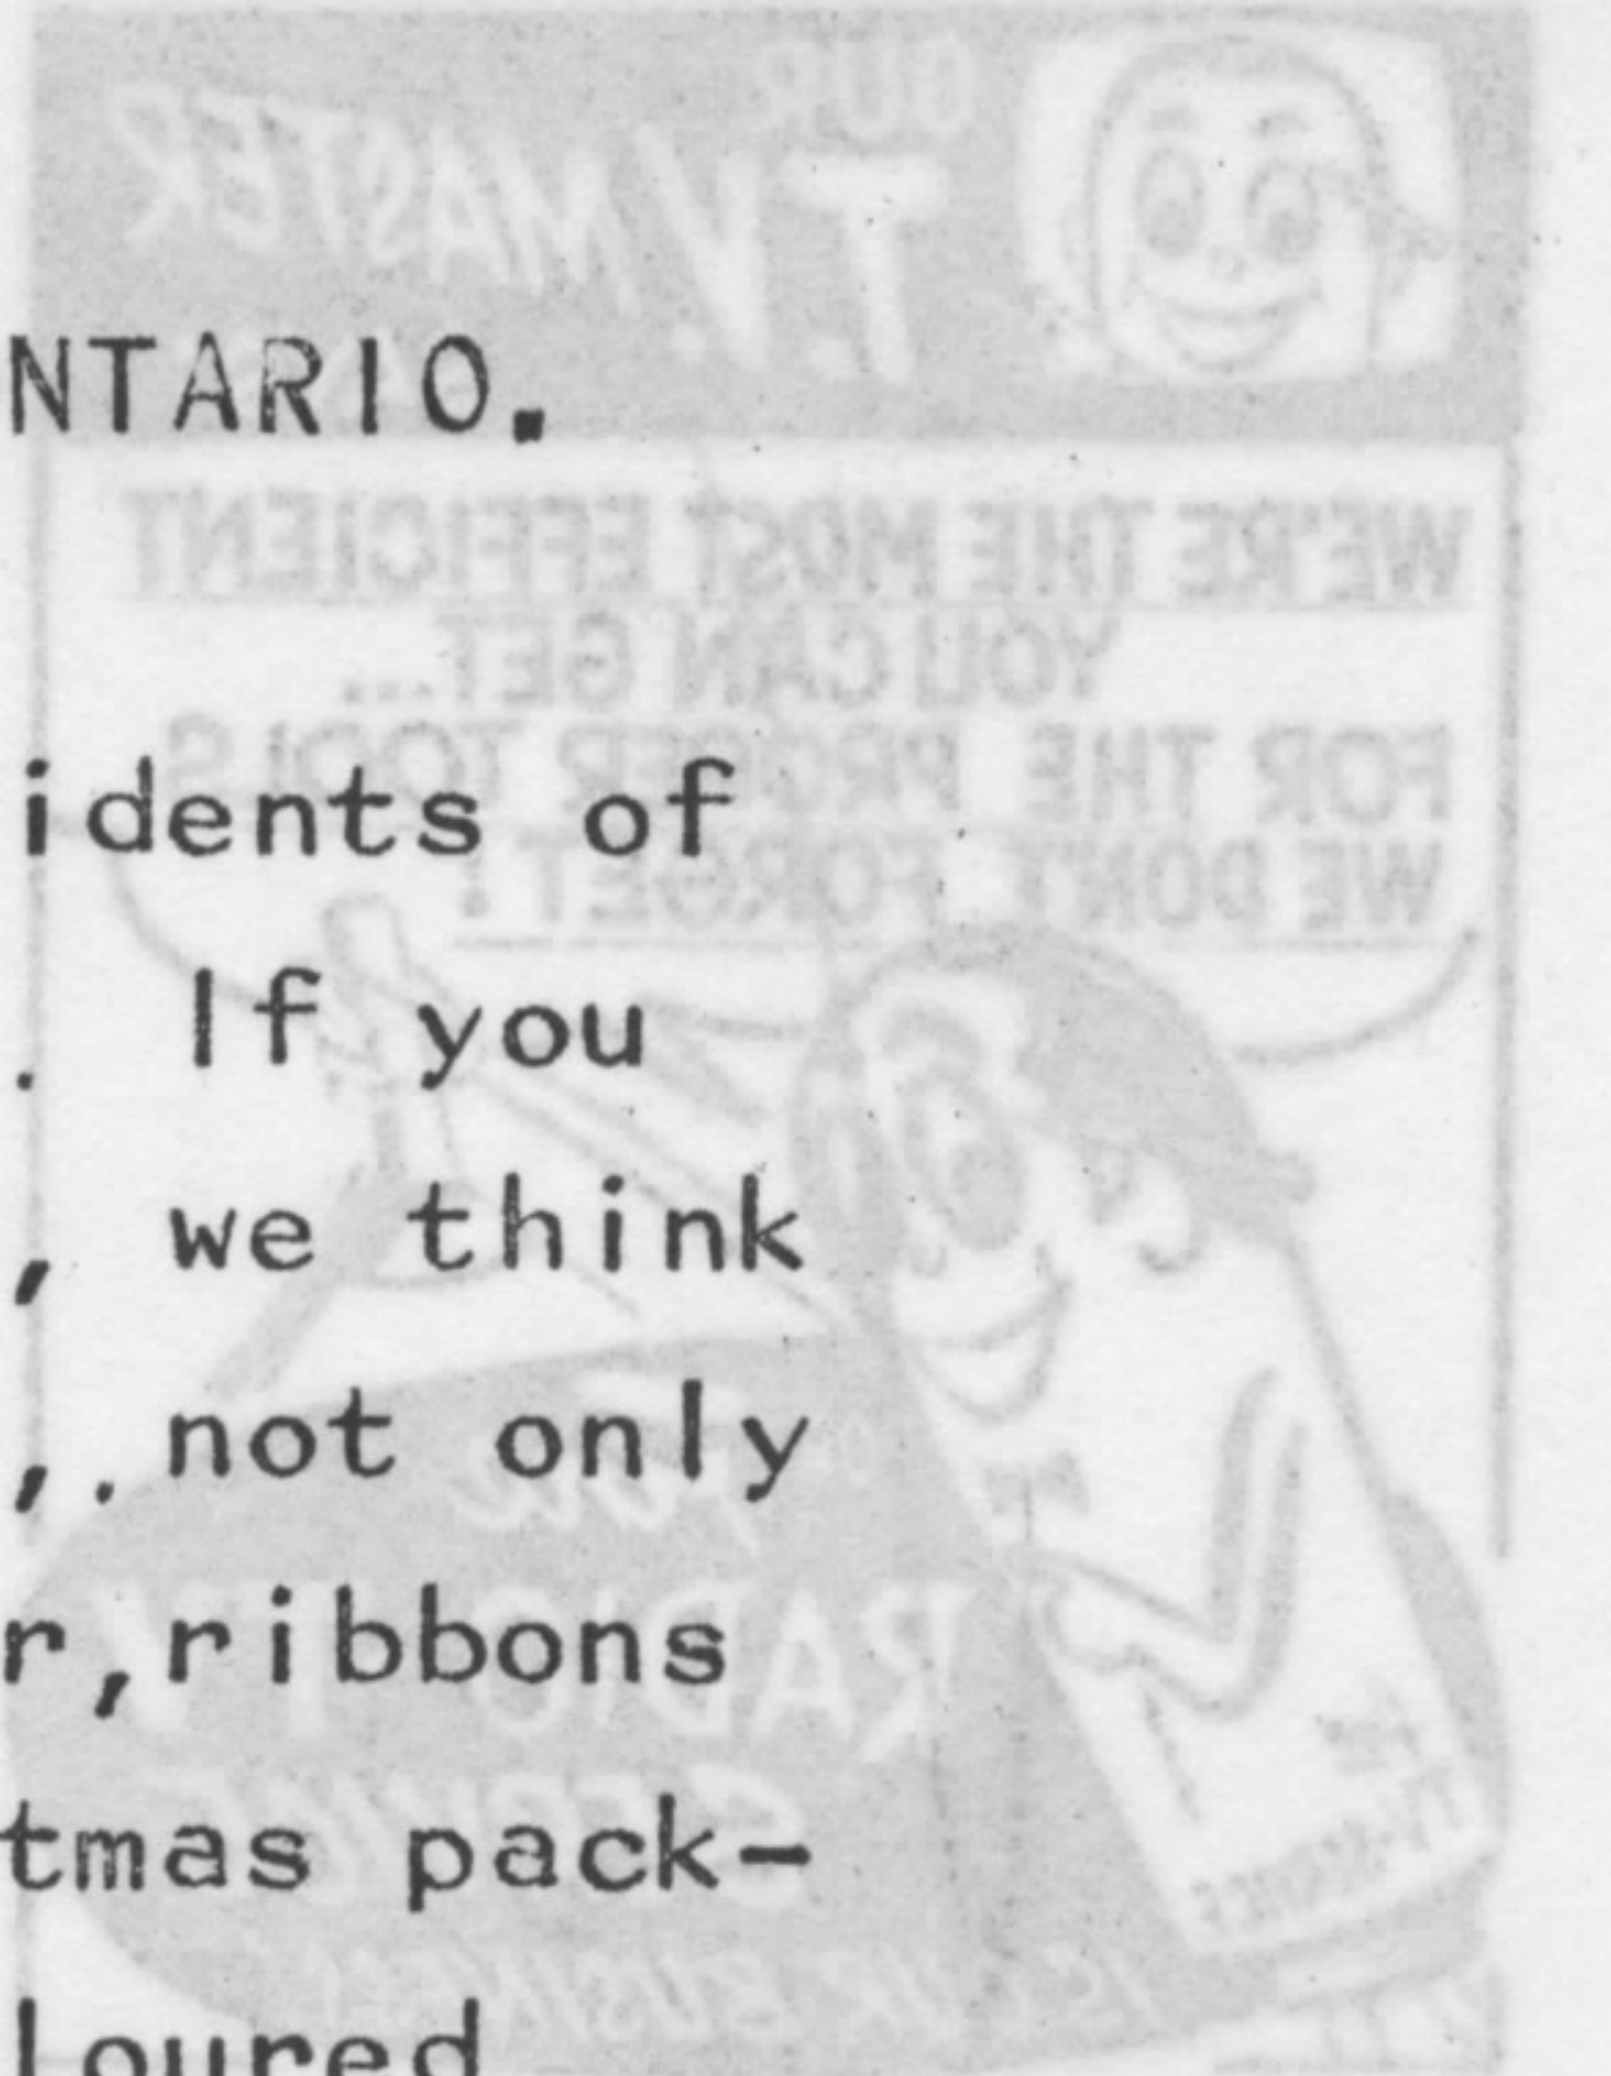

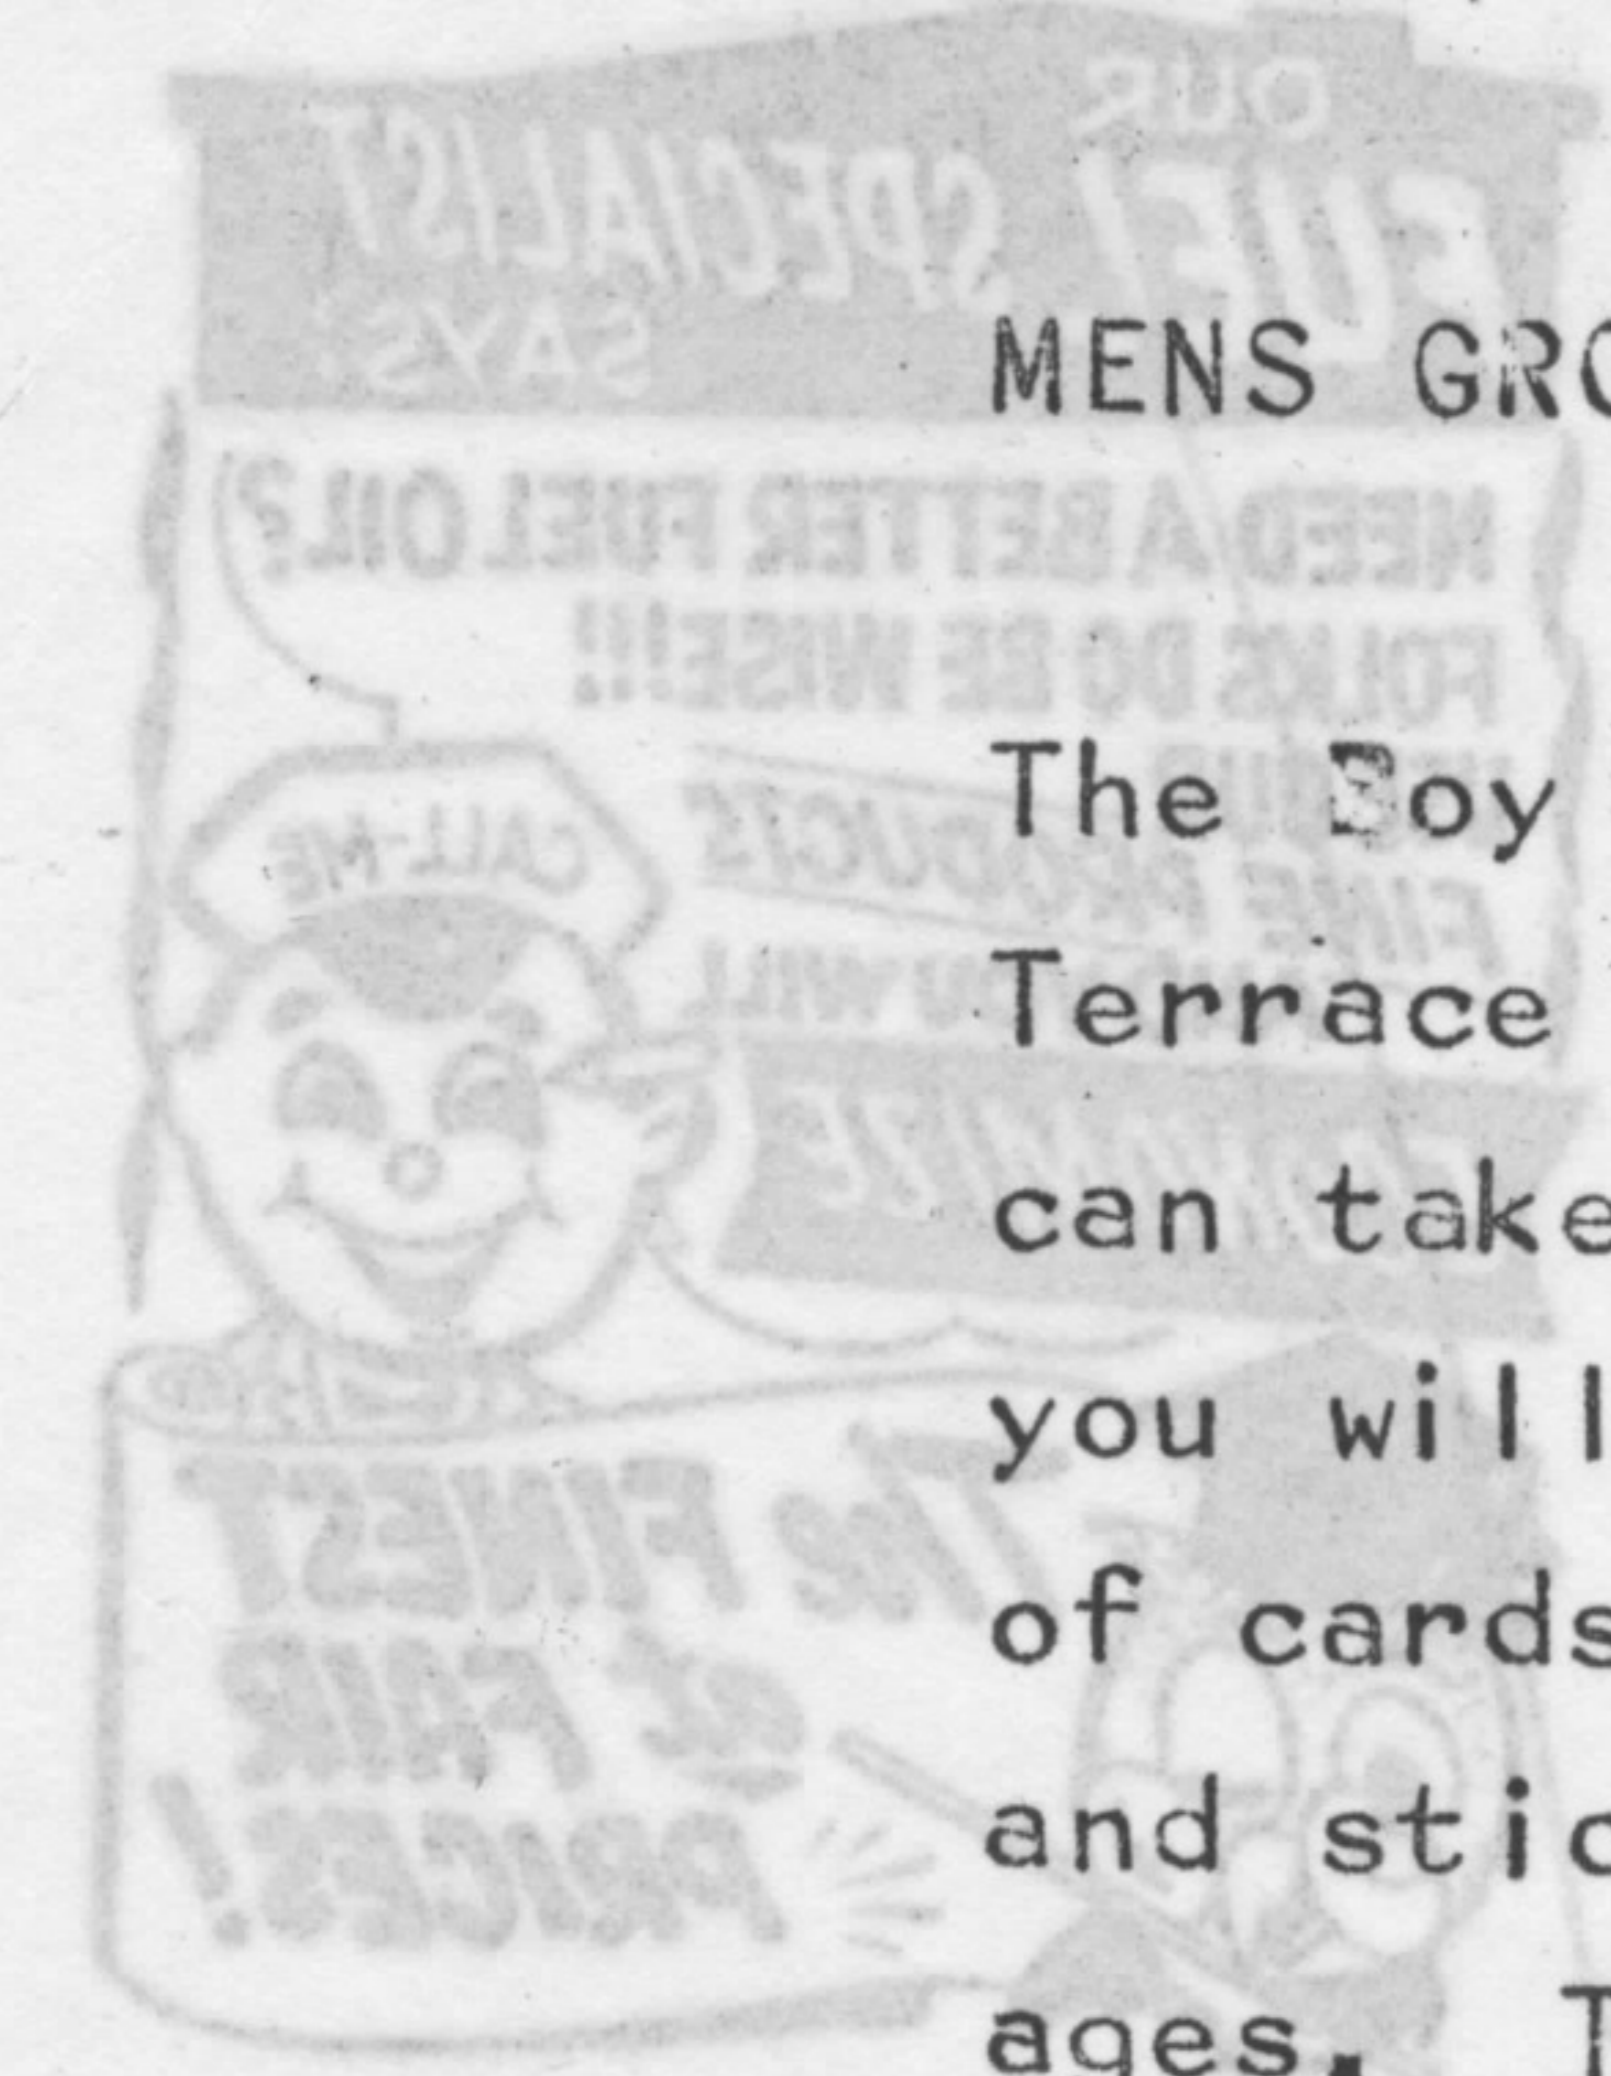

The Boy Scouts are once again calling on residents of Terrace Bay with samples of Christmas Cards. If you can take a few minutes to look through these, we think you will find there is a very good selection, not only of cards, but also of the gift wrapping paper, ribbons and stickers you need to decorate your Christmas packages. There are bows ready to attach and coloured tape to make wrapping your gifts much easier. There are several kinds of Christmas Cards, and we are sure you will be able to find some for yourself and for your children too, that will please both the sender and the receiver. Be sure to look at the All Occasion Cards - they're really handy. Note to Terrace Bay Businessmen - see the fine assortment of greeting cards appropriate for your needs.

Although the Mens Group Committee raises funds through hat checking and Apple Day, most of the money we need comes from the sale of Christmas Cards. And what do we do with this money? We operate a camp for Scouts and Cubs at Whitesands Lake. This is fast becoming an expensive proposition - last year our camp costs were about \$800. Summer Camp is an integral part of the training programme for Cubs and Scouts, and we are hoping not only to be able to continue but also eventually to improve, in whatever way we can afford, the camp facilities we provide.

You may already have ordered cards and find you need more, or, you may have been out or busy when the Scout called on you. There is still time to place an order; please phone Harry Coe - 3743.
