**HEALTH EDUCATOR**

The East Thunder Bay Tuberculosis Association wishes to obtain a candidate for a one-year's postgraduate course in Health Education at the University of Michigan, leading to the M.P.H. degree (Master in Public Health).

The candidate should have a college degree, with several years' experience in teaching. He or she would be sponsored on the University course and field work.

Following completion of the course, he or she would act as consultant to the four tuberculosis associations and three health units in Northwestern Ontario, planning and carrying out health education programmes and working closely with the mass media in the area.

If you have a teaching background and consider that this type of work might provide a greater variety and interest than school teaching, please direct requests for further information to:-
