

GOLF COMMITTEE FORMED

A committee named "The Development Committee for the Terrace Bay Golf Course" has been set up. The purpose of this Committee is to develop a golf course in Terrace Bay. The location of the course is below the Motor Hotel and between the Aguasabon River and Lake Superior.

All residents of the area undoubtedly realize that the development of a golf course in the above mentioned area is a tremendous undertaking. A small group started clearing the land two years ago and progress has been such that the feeling now is that the time is ripe for a big push.

On April 4th, the new Committee held their first meeting. The Committee members are Thor Olsen, Jack Phillips, Jack Lang, Al Pattison, Joe Adamo, Ross Mitchell, Sax Lundberg and Jack Thomas. The first order of business was to elect an Executive which is as follows:- PRESIDENT - JACK THOMAS, VICE PRESIDENT - JOE ADAMO, SECRETARY - ROSS MITCHELL, TREASURER - AL PATTISON. Committee Heads were then appointed and they are:- WORK PARTIES -- THOR OLSEN, PUBLICITY - JACK LANG, EQUIPMENT - JACK THOMAS.

The objectives for the summer of 1962 were then outlined and they are:-
1. Finish clearing, fertilize and seed four fairways. 2. Clear two additional fairways. 3. Survey the last three fairways. 4. Spray brush-kill on the last five fairways.

If the above is accomplished, four holes would be available for play starting in the Spring of 1963.

To do the above, the Committee needs help. Kimberly-Clark have agreed to furnish equipment and labour when available and properly supervised. Birch wood is available for firewood and anyone wishing to get some should contact Thor Olsen. Work parties are needed for other wood cutting and clearing. Work parties are scheduled for every Tuesday and Thursday evening from 5 P.M. to 7 P.M; also Saturday from 8:30 A.M. till Noon.

The Committee will also have to put on various campaigns to start raising money. This is needed for purchasing brush-kill spray, fertilizer and grass seed. The cost to finish two fairways is approximately \$1500.

From here on all activities of the Committee and work accomplishments will be publicized. Help from the entire area will be appreciated. No one has to call and ask if they can work. **JUST SHOW UP AT THE TIME THE WORK PARTIES ARE SCHEDULED.** With all the help that is available there can be a nine hole golf course complete in Terrace Bay by the Fall of 1964.

ON PAGE 10 OF THIS EDITION THERE IS A MAP OF THE COURSE. There is also a legend showing what has been accomplished to date.

QUOTES (Cont'd from page 1)

Councillor Wellings reported on a meeting he and Counc. Valiquette had with Chief Billings who requested permission to join the Ont. Police Chief's Assoc. (permission granted) and at which the Pedlars BY-Law was revised. He also suggested a start be made on the Lagoon, recommending a bid for tenders.
