Serving the District in which we live

August 9, 1962

COMETS REACH PLAYOFFS

In the final league game of the year, Terrace Bay Comets clinched 4th spot and a playoff position in the Lakehead Baseball League. Despite the many adverse conditions, ranging from schedule to weather to the Lakehead Baseball League itself, the Comets were able to come through.

Jack Dixon lost the opener in a heartbreaker to the Red Sox, by a 2-1 deficit and this left it all up to the final game with Colonels. Carl Kolody responded with a masterful one-hitter and his mates supported him at bat and afield for a convincing 6-0 victory. Only hit off Carl was a broken-bat blooper over short that was definitely a freak hit, robbing him of the no-hitter.

Comets now start the weary trail to the playoffs, where once again the Lakehead Baseball powers have seen fit to deny us even one home game, to insist that we be in the Lakehead for 7 o'clock games in midweek and require us to provide balls for our "home games" that are played in the Lakehead. It is just another case of the very prejudiced thinking of the League and their apparent efforts to get us "out" as quickly as possible.

In their efforts to provide baseball entertainment for Terrace Bay, the Comet players have again suffered from poor support and high expenses and now have several fund-raising activities under way. To keep down costs, players have actually paid money out of their own pockets to provide Terrace Bay with a team. At this time, the deficit, largely held over from past years, stands at roughly \$500. Add to this the costs of playoff travelling and equipment and it is apparent the club needs your help. **SUPPORT OUR FUND-RAISING EVENTS.**

MASONIC HALL FOR TERRACE BAY

The long planned Masonic Hall is now well underway. Like all building projects done by voluntary labor the edifice seemed at first to rise slowly however, within the last few weeks, the outside of an imposing structure is rapidly nearing completion.

The walls of the roomy lower floor are of cement - a well has been drilled, and a pumping system is being installed and an oil heating system will be installed before the cold weather sets in. Plans for this floor include Kitchen and Washroom facilities and storage cupboards.

The upper hall or Temple looks to the untrained eye at its present stage somewhat like Noah's Ark. The walls slope in from the foundation and the roof trusses are constructed so that no other supports are needed, making for a spacious interior. There are no windows in the building, ventilation being supplied through the heating system. (Cont'd on Page 3)

NEW RESTAURANT OPENS

Last Saturday Ida's Circle Route Restaurant located on the corner of Highway 17 and the Mill Road (In the Circle Route Garage) officially opened its doors to the public. Operated by the well known lady curler, Mrs. Ida Romaniuk, the new restaurant is equipped with all modern conveniences.

Assisted by Mrs. N. Marquis, the proprietors will provide home style meals with home made pies and pastries.

BOUQUETS FOR OUR DISTRICT

Visitors to our District come and go with no fanfare or publicity schemes to herald their stay or departure. However, that a sincere and friendly welcome to the district is appreciated is evidenced in letters received at the "News" both this year and last.

The following letter was received recently from a visitor to Terrace Bay.

"While going through Terrace Bay we picked up one of your papers. It was a good newspaper for us to look over and remember our trip in Canada...."

I am writing hoping you can see fit and to send me a copy every week....

We had a nice visit in Canada and were impressed by Terrace Bay. Every thing was so nice and clean."

Last year another gentleman from Indiana who had stopped once in Schreiber left money for a six month subscription to the "News". This was renewed for another year in early spring indicating, we hope, that our Indiana friends are not only reminded of their pleasure in our district but are also spreading the good word among their friends and acquaintances.

SQUARE DANCE CALLERS CLINIC

Frank Olsen, noted Lakehead Square Dance Caller and a regular on the Country Hoedown T.V. programme, will conduct evening lessons for potential Square Dance Callers on Tuesday, Wednesday and Thursday of this week at the Recreation Centre.

Sessions will be from 7-10 p.m. in the Large Room.

CHANGE IN SWIM TESTS DATES

Because of an overload of tests, the Red Cross Swimming Examiner for this area has been forced to move Swim Test dates ahead.

Dates for Terrace Bay (originally Aug. 17) have been set for Wednesday, August 15th, for Juniors, Intermediates, and Seniors.

Tadpoles, Minnows, Frogs and Beginners will be tested during their regular classes this week.
