UNICEF PLANS MADE FOR HALLOWE'EN

Collection boxes for the UNICEF funds on Hallowe'en will be carried only by those in the nine to fourteen age group who have volunteered from different organization for the purpose.

It will in no way affect the smaller tots' annual Trick-or-Treat project, which - to their satisfaction, leaves them with contented minds and disturbed digestions, the latter a sign of a successful evening.

Posters will be displayed showing various aspects of UNICEF work in all parts of the world and a film will be shown to different groups, with times and places announced later.

The fund helps millions of children with milk and medicine for Tuberculosis, Trachoma,

Yams, Leprosy and other diseases.
