Serving the District in which we live

November 8, 1962

## FISHING ABUSES CONDEMNED BY CHAMBER

President C.E. Paget presided at a Chamber of Commerce meeting on Thursday, November 1st, in the Recreation Centre. Council members present were W. Baillie, N. Cornthwaite, J. Adamo, W. Kujbida and I. Marsh.

Also attending were: R. Kenney, J. Graham, J. Cumming, Ken MacLeod and D. Large.

The President and Vice President (L. Waghorn) took the oath of their office in the presence of Mayor J.P. Heenan.

The minutes of the Annual Meeting were read and adopted. A motion was made to cover banking procedure and accounts were passed for payment.

A report re transportation of Grade XIII students to Schreiber was made by J. Adamo. The High School Board had pointed out that it is not compulsory and so they had decided not to provide this service. After some discussion and opinions called for by the President the matter was dropped.

On Mr. Adamo's complaint regarding the hazard of people crossing the Imperial Motel property on their way to the Shopping Plaza, Town Council, while conceding the need for another walkway, could not accept the proposal to build a sidewalk adjacent to the Highway. Any other alternative would, of necessity, be a walk on other privately owned commercial property.

Abuses, under the present system of fishing licenses, were graphically demonstrated by Mr. R. Kenney who showed, on a Lake Superior Map, how commercial fishermen can stretch nets for hundreds of yards in waters immediately adjacent to Terrace Bay, thereby spoiling sport fishing in the area. Under present legislation and inadequate policing of the district there is little that can be done. This the Chamber of Commerce are greatly interested in changing. In this regard the Chamber are very anxious to co-operate with the local Fish and Game Club.

Chairman of the advertising committee N. Cornthwaite reported on enquiries re folder. D. Large commented on folder including descriptive literature for use by school boards when contacting new teachers.

L. Waghorn reported, as chairman of the membership committee, indicating that a canvas will be made starting November 7th.

J. Cuning and J. Graham of the Terrace Bay Figure Skating Club, which group is member of the Chamber of Commerce, presented plans for the Northwestern Figure Skating Championships which will be held in Terrace Bay, January 25th and 26th, and asked if the Chamber would assist financially, if help was needed. A poll of those present indicated a favorable reaction and the matter will be discussed further for budgetting.

The next meeting is scheduled for November 15th in the Recreation Centre.

## REMEMBRANCE DAY PROGRAM

The "Remembrance Day" program has been finalized, and with the co-operation of you, the veterans, and the weather man, it is hoped the endeavor will be successful.

Coloring contest material has been distributed to local schools with intent to create interest in conjunction with "Remembrance Day" activities.

Saturday evening November 10th at 6:45, veterans, wives and guests (guests in this case means accompanying partners of service people) will dine at the Terrace Bay Motor Hotel as a group.

On Sunday November 11th a Veteran's Parade, under the auspices of the Local Legion, will be held and cenotaph services are at 2 P.M. Veterans are reminded to fall in at the Arena at 1:40 P.M. (Medals to be worn) and, under the direction of Parade Marshall John Shivas, march in a body to the cenotaph, where Rev. T. G. Husser will conduct Commemoration Services.

We cordially invite the general public to participate in these services when we pay tribute to our fallen comrades--they who made the supreme sacrifice that we may live in a free and democratic world.

## T.S. HODGKISS PRESIDENT WILDLIFE FEDERATION

Outdoor sportsmen now have a national voice to press for improved protection of Canada's dwindling fish and game population and other renewable resources.

Representatives of 150,000 anglers and hunters in seven provinces founded the Canadian Wildlife Federation in a weekend conference in Ottawa.

The twenty-one founding delegates expressed concern over what they termed a deterioration of Canada's rich hinterlands.

Fisheries Minister Angus MacLean said at the closing dinner Saturday night that the organization will be of great assistance to the government because it can speak with authority for those interested in wildlife and had roots even in the smallest communities.

The delegates devoted most of their time to hammering out a constitution and electing officers. The drafting of a program will be handled by the executive.

T. S. (Stan) Hodgkiss, of Terrace Bay, was elected as the group's first president.

Mr. Hodgkiss is current president of the Ontario Federation of Anglers and Hunters. He headed a five-man founding committee set up at (Continued on Page 5)

## ARTIFICIAL ICE MEETING HELD IN SCHREIBER

A committee composed of Mrs. Flora Bryson, Chairman, L. Bourguignon, Secretary and Pat Newton, Treasurer were appointed (Cont'd P.7)
