LOCAL YOUTH'S HOBBY COLLECTING & POLISHING STONES

The interesting hobby of a 16 year old local youth was uncovered recently with disclosure of a 'bottle cast into the waters' tale. With other members of his family on a summer excursion to Simpson Island, near Rosspport, Eddie Kenney spied a bottle containing the name and address of Russell E. Meyer of Knoxville, Illinois. An enthusiastic letter returned from Knoxville, "I had completely forgotten about my tossing a bottle into Lake Superior in June 1960! We had been to Superior, and were returning with a load of iron ore. The act of throwing the bottle overboard was on our first night out of Superior. We were opposite Copper Harbor, Mich. Apparently the bottle travelled almost across Lake Superior. Mr. Meyer enjoys the same hobby.
