

BROWNIE NEWS (CON'T FROM PG. 2)

Speaking on behalf of the Brownies, Claudette Boudreau said, "Because we are Brownies, we are happy to help other people."

In accepting the many boxes of nylons collected by the Brownies, Mrs. G. Maitland requested the Brownies to convey their thanks to each of their Brownie Packs, and also explained the purpose for the nylon drive. They would be sent to Korea, where, as is the custom of the land, widows, most of whom were widowed during the Korean War, were not allowed to go out into the business world to seek employment or to remarry. These needy women would be given the nylons, which they carefully undo using the thread to make into clothing and other items.

Representing each of Terrace Bay's three Brownie Packs, the girls were Claudette Boudreau and Louise Brooks of Pack One, Dale Boutilier and Linda Helmink of Pack Two and Ann Boudreau and Phyllis Ann Turner from Pack Three
