COUNCIL QUOTES (Cont'd from Page 1)

estimate could be placed on the Public School budget regardless of any staff changes.

Reeve Heenan reported on a continuing nuisance in the form of trespassers across the property of the Imperial Motel and Terrace Bay Enterprises. This had been hazardous and annoying in itself, but had now increased to the point of running up and down the stairway. If it continued the proprietor would have no recourse other than to prosecute, a most unpleasant situation in the town the Reeve remarked.

Due to the fact both Councillor Wellings and Adamo had been out of town, the postponed special meeting of Council was scheduled for Monday evening, March 19th.

Councillor Valiquette reported on the meeting he had attended in Schreiber with regard to the Transient Fund. This had been taken over by Corporal Duncan after Corporal Richardson's retirement and during the year the \$450. collected had assisted 342 transients. A committee had been formed of Corporal Duncan and Rev. Inshaw from Schreiber and Harry Coo and Albert Cadieux of Terrace Bay and they will approach both towns organizations for funds. Councillor Valiquette assured the Committee the Township of Terrace Bay would

continue its support. Reeve Heenan remarked we were most fortunate to have this looked after so well.

With Councillor Wellings away, the proposed meeting with the Police Chief had not been held and Councillor Valiquette asked for clarification on the By-Laws concerning Town parking. Secretary Strutt quoted the By-Laws concerned which listed all areas of parking, but which must be substantiated clearly by signs.

Councillor Valiquette discussed the difficulty of those going to or from work at midnight during or following a heavy snowfall, when he felt it should be at the Road Superintendent's discretion to call out the plows and not wait, as is customary, for the regular clearing between 12 and 8 A.M. Further concerning the snow removal from sidewalks in the business section, the Secretary read the By-Law outlining the occupants duty to remove within four hours of any rain, hail or storm, the resultant snow or ice from under the canopy and on sidewalk to the roadway. It was suggested a portion of this By-Law be published.

Councillor Fraser reported on the resuscitator, preferring the type with which the volunteers were already familiar. Reeve Heenan instructed him to place the order. He also reported that, following announcement of the last meeting of Council, the Curling Club had been perturbed at the statement which said the Figure Skating Club was the only Recreational Club which paid its own way. The Reeve quickly remarked the statement had been in reference to childrens activities in the Arena only, and he thought that had been understood. Council was aware the Curling Club was paying the sum requested of them for maintenance by the Recreation Association.
