

The following poem is the work of a young boy whose thoughts were directed to his Mother who sometimes joins her neighbors for a cup of coffee during the morning.

I know of Someone who is all alone
Waiting for anyone who might roam
Through the doors of His lovely home
Our Blessed Lord in His Church
Who deserves a visit first each morn
Then you have something to go with to
your friend.

by Joey Dobush-8 years old.

NEYS PARK TO OPEN THIS YEAR (By A.J. McGooley)

Geraldton District will have one new park, Neys, for use by the public this year. The park is located approximately fifteen miles west of Marathon off Highway #17.

The main attraction will be a lovely beach over one mile long, resembling those found in Florida. We cannot, however, offer the same water or air temperatures, but there are periods when the water does warm up and bathing is feasible. Some of the hardy type do swim regardless of water temperature. There are also those who prefer Lake Superior, possibly due to the absence of "bugs".

Seventy-six campsites are now completed, with a possibility of fifty more being ready by the time it is opened June 1st. A new access road and railroad crossing have been constructed.

Neys and Rainbow Falls Parks are not influenced by local population and thus are camping parks catering to a travelling public of which 80% are United States citizens.

LEADERSHIP COURSE PLANNED FOR JUNE

Mr. I.B. McCauley, District Representative, Community Programmes Branch of the Department of Education for this area announced recently that a second Provincial Leadership Institute will be held this year at the Ontario Agricultural College and Macdonald Institute, Guelph, June 2 to 8. Brochures and other related information about the Institute are available from K.G. Ward, Director of Recreation in Terrace Bay.

In communities where there are no Recreation Committees, individuals may write for information to: Community Programmes Branch, Ontario Department of Education, 400 Catherine Street, Fort William.

The courses to be given at this year's Provincial Leaders' Institute at Guelph include Art, Ceramics, Design for Craftsmen, Drama, Jewellery, Millinery, Social Recreation, Weaving Design and Color.

Registration fee for each course is \$10, and is payable upon application. An additional fee of \$20 is payable upon registration at the course. The total amount of \$30 will provide for instruction, resource material, equipment, travel by public transportation, room and board.

The student quota for the Leadership Institute is one candidate per subject per district served by a District Representative of the Community Programmes Branch.

SWEET RESIGNATION

Little old lady to income tax clerk;
"I do hope you'll give my money to some nice country.

Returning soldier to Statue of Liberty: "Put down that torch honey. I'm home."

OPEN SEASONS FOR ANGLING

judging by current weather one wonders if the old saying "If Winter Comes - can Spring be far behind" is true. The Department of Lands and Forests believe it is and have announced angling seasons for 1963 as follows: Smallmouth Bass - June 29th to November 30th. Walleyes (Yellow Pickerel) - May 15th to April 14th. Lake Superior no closed season. Both specie limits are six in one day. Brook Trout (Speckled Trout) - May 1st to September 15th. Limit ten (10) pounds plus one brook trout or fifteen brook trout, whichever is the lesser.

Northern Pike - no closed season - six in one day.

Lake Trout - No closed season, except that portion of the District which falls within the Cochrane Territorial District January 1st to October 15th. Limit five in one day.

Maskinonge - June 20th to November 30th. Limit two in one day, not less than 28 inches in length.

Rainbow Trout - May 1st to September 15th. Five in one day.

Sturgeon - Lake Superior - no closed season. All other waters June 15th to May 14th. Limit one in one day.

Possession limit shall not exceed one day's catch.

DON'T RUB FROSTBITE--GET WARM

Don't try rubbing away frostbite from ears and fingers with snow. "That's an old fiction and will just compound the injury," said Dr. A. R. Boyd, medical officer of health for Toronto.

The best cure for mild frostbite is warmth, but severe cases should be attended immediately by a doctor.

Caused by lengthy exposure in low temperatures, frostbite may also be a result of biting winds or excessive dampness.

"If you feel it coming on," the doctor says, "warm up as quickly as possible."

SUPERIORS GET TWO SHUTOUTS (Cont'd From Page 1)

Brassard. During the game, which was played in the Terrace Bay Arena, Dave Whalen was presented with the O'Keefe Trophy for High Scorer by North Shore Governor Jack Thomas and The Kapitan Trophy for Most Sportsmanlike player by Governor Ed Pineault.

As we go to press we learn that the Superiors have done it again! Another shut-out--score 4 - 0 -- in a game played on the Mercuries own ice. This win assures another game. This will be played on Thursday night in the Terrace Bay Arena.

Come on fans--get behind the Sups--a team who are making a gallant comeback.

SAFETY

SMART DRIVERS USE THEIR SEAT BELTS--ALL THE TIME. Why? - They contribute to driving comfort and pleasure. They save lives. They reduce injuries by more than 1/3.

When? Whenever a car is in motion - 75% of traffic deaths occur within twenty-five miles of home.

A young medical student received a very expensive microscope from his parents for Christmas. The card was signed: "Mama and Pauper."

SAFETY IS FREE INSURANCE
