

FLY-UP (continued from page 4)
to accept the Brownies flying up. District Comm., Mrs. S. Mikus addressed each Brownie before Brown Owl Turner announced she had an Indian maid who had passed all her tests and desired to join their Tribe. Guide Captain Downey replied, stating they accepted only the tried, true, and brave to which the aspiring Brownie responded. Brownies Heather Boyd, Lorraine Belliveau, Judy Graham, Laura Hartman, Kathleen Thorpe and Linda Mercure were accepted into the Guides as Lte. Falzetta placed an Indian headdress on their heads and their new sixer welcomed them into the Company.

With their peacepipes as their laws, ten Guides formed a small circle to repeat the Guide Laws.

Capt. Downey enrolled one new Guide, Linda Fontaine and presented Lois Ann Fraser and Jane Kelty with their First year star and their Second Class Badge before the ceremony was completed.

The District Commissioner then formally welcomed the parents and friends of the girls flying up, Rev. T. G. Husser and one very special guest, Mrs. Maitland. Mrs. Maitland she continued, had been the first Commissioner of the then North Shore District, had contributed much to the movement in this District, even establishing Guides and Brownies in Manitowadge. On behalf of the District Mrs. Mikus then presented to Mrs. Maitland a silver spoon bearing the Guide emblem, and their best wishes as she leaves Terrace Bay to make her home in Toronto. Mrs. Maitland replied, stating she had been very happy to have a real part in the building of Guides and Brownies here, feeling Guiding offered something valuable to girls which they could not receive elsewhere. She admonished them all to remember one Guide Law - Do Your Duty to God - with that everything else would fall into its right place. The Guides and their leaders joined in a Grand Howl for Mrs. Maitland.

A short game amused the girls, as Mrs. Mikus read a story, accompanied by the girls for sound effects. Luncheon was served on the lawn to the girls, by the Patrol leaders

and parents and guests entertained at tea in the Church hall. Mrs. Mikus paid tribute to the Local Association of Guides and Brownies who had prepared all the luncheon.

The Fly Up closed with Taps and the girls were dismissed by their Commissioner.
