MICHIGAN LEGISLATORS ENJOY STOPOVER HERE

A party of Michigan State legislators headed by Rep. Walter Nakkula of Gladwin, Michigan; chairman of the state tourist committee, were entertained and taken on a tour of the Mill by Kimberly Clark Company officials last Friday.

Touring the Circle Route, seven of the nine committee members with members of their families making up a party of 17, arrived in Terrace Bay before noon and registered at the Terrace Bay Motor Hotel.

In conversation with Mr. Nakkula it was learned that all are members of the Michigan Tourist Industry Committee, the only committee of its kind in any state in the Union. The committee are studying all means of promoting the industry - which is recognized by them as BIG Business.

Arrangements for the stopover were made by the Terrace Bay Chamber of Commerce.

The visiting party consisted of Rep. Nakkula and daughter; Rep. and Mrs. Riemer Van Til and son Bernard; Rep. and Mrs. Joseph Mack and son Dennis; Rep. and Mrs. Don Vander Werp; Rep. and Mrs. Albert Horrigan; Rep. and Mrs. Clayton Morris; Rep. and Mrs. Ross Stevens; Rep. and Mrs. Frederick Marshall.

THE ART OF GETTING ALONG

SOONER OR LATER, man, if he is wise, discovers that life is a mixture of good days and bad, victory and defeat, give and take. He learns that it doesn't pay to be a sensitive soul; that he should let some things go over his head like water off a duck's back.

- He learns that he who loses his temper usually loses out.
- He learns that all men have burnt toast for breakfast now and then, and that he shouldn't take the other fellow's grouch too seriously.
- He learns that carrying a chip on his shoulder is the easiest way to get into a fight.
- He learns that the quickest way to become unpopular is to carry tales and gossip about others.
- He learns that buck-passing always turns out to be a boomerang, and that it never pays.
- He comes to realize that the business could run along perfectly well without him.
- He learns that it doesn't matter so much who gets the credit so long as the business shows a profit.
- He learns that even the janitor is human and that it doesn't do any harm to smile and say "Good Morning."
- He learns that most of the other fellows are as ambitious as he is, that they have brains that are as good or better, and that hard work and not cleverness is the secret of success.
- He learns to sympathize with the youngster coming into the business, because he remembers how bewildered he was when he first started out.
- He learns to worry when he loses an order, because experience has shown that if he always gives his best, his average will break pretty well.
