COUNCIL QUOTES (Cont'd from Page 1)
of the usual lecture prior to delivery of letters.

Councillor Valiquette recommended brushing around town under the Winter Works program. Representatives of the Department of Highways have frequently been contacted on the subject and a letter will be forwarded to their District Engineer requesting their right of way be cleared at least once a year. The town would then brush out remaining spots.

A request for a portable hearing tester from the School Nurse was presented by Councillor Fraser. Council agreed children could appear retarded in studies who suffered poor hearing. Division of costs of this equipment was proposed and the Reeve suggested this might be considered in next year's budget. He agreed to talk to the School Boards on the subject.

Sales Tax refund will be applied for on the Change House, together with those previously submitted on the High School addition and Utilities Building.
