GOLF NEWS

At a meeting to be held this week the Terrace Bay Golf Committee will fix a date for the formation of the new Aguasabon Golf Club and the election of its officers.

There is every indication that membership in this new club will be much higher than anticipated. Unfortunately this membership will pick up momentum after the beginning of the golf season and unless we can get a good number to join now we are not going to have too many available for election night.

At the present time there are about sixty members, which is very good, but, because of shift work we need many more in order to be assured of an adequate number who will be able to participate in the election.

Between Schreiber and Terrace Bay there

will be approximately 200 members and at least 100 should be available on election night. So, to the many who are holding off until the season begins, we say, join now and have a voice in who will operate this club.

We are going to have a beautiful golf course, with a large membership, so it is very important to have a strong, efficient governing body. In Terrace Bay contact Dave Desrosier for membership. In Schreiber contact Joe Caccamo.
