COUNCIL QUOTES

Reeve J.P. Heenan with Councillors Cavanaugh, Brown, Thompson and Fraser culminated the July business for the Township on Tuesday afternoon in the Municipal Chambers. Secretary Strutt detailed the correspondence and previous minutes.

A letter was sent to the Water Inspector with regard to the chlorination of local water and reporting regular testing procedures carried out.

P. Frederickson had been advised of his acceptance for the position of dog catcher commencing July 15. On enquiry, the Reeve was informed he had been very active on the job.

An order for fire hose was sent out for the Fire Department.

Reeve Heenan reported to Council on the investigation carried out of traffic conditions at the intersection of Hwy 17 with the Mill road. Council felt this most encouraging as it was the first time any action had been taken by the Department.

Many basements had been flooded, particularly in the commercial section of town, during the cloud-burst experienced the previous week. Sewage conditions were discussed and, despite the backup, Councillor Brown felt under normal rainfall, the sewers were in good condition and could handle it. Councillor Brown had ordered ten new signs, reading maximum speed limit 25 miles, and discussed other changes in signs around town.

A report of drop-offs from road embankments was brought in by Councillor Cavanaugh who was informed trucks would soon be available to bring gravel in for necessary repairs. He further reported on the absence of Constable Milkovich who apologized for his failure to notify the Police Commission.

Reeve Heenan had been advised another Unit of the Army would stop over in Terrace Bay August 17 and the Police Department and Mill would be duly notified.

The change in seating capacity in the Recreation Lounge Area had been looked into by Councillor Thompson who advised the menus were being strictly adhered to, thereby avoiding any problem.

Councillor Fraser detailed the Fire Department's report on the serious fire which broke out at 462 Princess Avenue at the height of the storm the week before and which was complicated by the scheduled power shut-off. Situated where it had been hard to detect after lightning had struck, the Fire Dept. had the blaze extinguished quite fast and the house protected in good order.

Three of the four first prize winners in the Kiwanis Fish Derby, the fourth, M. Pompies of Marathon had left for home. Left to right:- Don Baker of Port Arthur, Suzanne Valiquette of Terrace Bay and Ted Sis of Port Arthur.

Without the co-operation of the weatherman, the three-day Kiwanis Fish Derby found fewer fishermen braving the elements over the Civic Holiday weekend but they were rewarded, none the less, with a larger catch. Last year's record 21 lb. Northern Pike was exceeded by one weighing 23 lbs. 15 oz. this year.

At the 8:00 P.M. deadline Sunday evening, fishermen and friends filled the large Arena to witness the presentation of prizes. Starting with the Lake Trout Division for a first prize of \$50 from the Chamber of Commerce, a shirt from Gerhard Kennedy, a \$25 Voucher from Circle Route Service and a silver tray from Hiram Walker's, ten year old Suzanne Valiquette of Terrace Bay was the winner with her 6 lb. 11 oz. fish. Second prize went to Chas. Sitch of Terrace Bay for a 5 lb. 5 oz. lake trout and third prize went to Suzanne's father, Garnet Valiquette whose fish weighed 4 lbs. 6 oz.

Ted Sis of Port Arthur was winner of the Northern Pike division with his 23 lb. 15 oz. fish. His first prize consisted of \$50 from Kimberly-Clark Pulp and Paper Co. Ltd., Gibson Motors, and the Canadian Legion, Branch 223, Terrace Bay, an aluminum window courtesy of Hlady Home Improvements, a gift clock from Herlich and Company and a mono filament line from Shindler Company. Second prize for pike was won by Joe Shubaly of Terrace Bay for a catch weighing 15 lbs. 8 oz. and third (Continued Page 4)
