

THANKS

It's kind o' tough to have to leave
So many folks you've learned t'know,
An' have 'em grip yer hand an' tell
How much they hate to see you go!

It's kind o' tough t'say goodbye
To friends you've seen day after day—
It's hard t'break the happy bonds
O' comradeship an' move away.

It's hard t'pack up all yer things
an' leave a cozy home behind —
The place wh ere joys have come to you,
Where neighbours all have been so kind.

So, it's a long farewell, old friends;
May God be mighty good t'you!
Across the miles an' down the years
You'll find my friendship always true,
And now I turn with eager heart
T'meet whatever life extends —
T'greet the folks that welcome me,
An' try to make them all my friends.

"Thank You - Everyone!"

CENTENNIAL PROJECT (Continued from Page 10)

The first phase will be ready for opening July 1, 1967.

The concept of Ontario's centennial project and the site have been discussed with Metro Chairman Wm. Allan and have been endorsed by him, Mr. Robarts said. The executive of the Metropolitan Conservation Authority have also endorsed both concept and site in principle, he added.

The announcement is the culmination of studies which have been conducted by the Ontario Government since September, 1963. The selection of a site has been particularly difficult, as can be seen from the scope of the project.

Construction of the Centennial phase will start in July, 1965 and completed Sept. 1966, so that the centre can be open July 1, 1967.
